Important Notice

THIS TENDER DOCUMENT IS NOT TRANSFERABLE

Bidders are advised to study the tender document carefully. Submission of bid shall be deemed to have been done after careful study and examination of the tender document with full understanding of its implications.

The response to this tender should be full and complete in all respects. Incomplete or partial bids shall be rejected. The bidder must quote for all the items asked for in this tender.

The bidder shall bear all costs associated with the preparation and submission of the bid, including cost of presentation and demonstration for the purposes of clarification of the bid, if so desired by OICL. OICL will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the bidding process.

1 Introduction

1.1 About OICL

The Oriental Insurance Company Limited (OICL), a public sector undertaking dealing in non-life insurance, is ahead of its peers in the industry in adopting information technology. OICL has been enjoying the highest rating from leading Indian credit rating agencies such as CRISIL and ICRA.

OICL has its Head Office at New Delhi, Primary Data Centre (PDC) at Bengaluru & Secondary Data Centre (SDC/DR) at Navi Mumbai, 31 Regional Offices in various cities, Oriental Staff Training College (OSTC) at Faridabad and Chennai, 340+ divisional offices, 500+ branch offices, Regional Training Centers, 28 Claims Service centers, 32 TP Hubs and 900+ Business Centers (BCs)/micro offices geographically spread out across India. As on date, all offices of OICL are provisioned with dual active-active links using MPLS over Radio Frequency, leased lines etc. Further, roam connectivity is provided to BCs and Micro Offices. For more than a decade, OICL has leveraged information technology to serve its customers effectively. OICL also has a presence in Nepal, Dubai and Kuwait.

Apart from the Core-Insurance application, OICL has various centralized applications like web portal, E-mail, Video Conferencing, HRMS etc. hosted at its Data Centers at Bengaluru and Navi Mumbai. These Data Centers are equipped with Rack Mounted Servers, Blade Servers, Enterprise Class Storage systems, Tape Libraries, SAN Switches, Backup Solution and other related tools and solutions.

OICL has issued more than 12 million policies in the year 2015-16. OICL has more than 100 general insurance products to cater to the varied insurance needs of its customers. It also has a strong workforce of about 15,000 employees and over 40,000 agents. OICL has a web portal www.orientalinsurance.org.in for use of its customers / agents with a provision for premium calculator, payment gateway and online issue/ renewal of policies.

1.2 Invitation to Bidders

The Deputy General Manager (IT) invites sealed bids for procurement, implementation, customization, deployment, maintenance, training and support for Enterprise Content Management solution of the Oriental Insurance Co. Ltd. as per the requirement specifications detailed in this RFP, its Annexures and Appendices.

Sealed offers prepared in accordance with the procedures enumerated in RFP should be submitted to the Deputy General Manager (IT) by eligible bidders no later than 14th September 2016, 4:00 PM.

1.3 Definitions, Acronyms and Abbreviations

As used in the Document	Description
Acceptance of Tender	The letter/ fax or any memorandum communicating to the bidder, the acceptance of his tender and includes an advance acceptance of his tender
AMC	Annual Maintenance Contract
ATR	Acceptance test report
BG	Bank Guarantee
BO, DO, RO & HO	Branch Office, Divisional Office, Regional Office, and Head office of OICL.
Contract	The agreement entered into between OICL and the Bidder as recorded in the contract form signed by OICL and the Bidder, including all attachments and annexure thereto and all documents incorporated by reference therein
Contract Price	The price payable to the bidder under the contract for the full and proper performance of his contractual obligations.
DC	Data Centre
DMS	Document Management System
DRS	Disaster Recovery Site
EC	Extension Counter
ECM	Enterprise Content Management
HRMS	Human Resource Management System
INLIAS	Core Insurance Application of OICL – Integrated Non-Life Insurance Application Software
OICL	Oriental Insurance Company Limited, herein also referred to as 'Company'
RFP	Request For Proposal
RI	Reinsurance
Service	Service refers to the services specified in the RFP as well as the software related services which the bidder is required to supply to OICL under the contract.
SIT	System Integration Testing
SVC	Service Centre
TAT	Turn Around Time
UAT	User Acceptance Testing
VAT	Value Added Tax
Bidder	The organization submitting the proposal who will also be the single point of contact for OICL and single point responsibility for execution of scope and deliverables as required by this Request for Proposal.

1.4 Bid Data Sheet

Event	Details/ Target Date
Reference Number of RFP	OICL/HO/ITD/ECM/2016/01 Dated 5 th August 2016
EMD	INR 1,00,00,000/-
Bid Validity Period	180 days from the time the RFP submission process closes
RFP Document Price	INR 5000/- by crossed Demand Draft/Banker's Pay Order in favour of "The Oriental Insurance Company Limited" payable at New Delhi. The RFP Document Price is non-refundable and inclusive of taxes.
Sale of tender & Availability	On all working days from 5 th August 2016 to 14 th September 2016 between 11.00 A.M. to 4.00 P.M.
Last date to send in requests for Clarifications	12 th August 2016 5:00 PM
Date and time for Pre-Bid Meeting	22 nd August 2016 3:30 PM
Last date for submission of bid	14 th September 2016 4:00 PM
Opening of pre-qualification bid	14 th September 2016 4:15 PM
Short-listing of bidders based on pre-qualification criteria	Will be communicated
Opening of technical bid	Will be communicated
Presentation / Demonstration on technical bid by Qualified bidders	Will be communicated
Declaration of short-listed bidders for commercial bid	Will be communicated
Opening of commercial bids	Will be communicated
Declaration of L1 Bidder	Will be communicated
Address for Bid Submission and Correspondence	Deputy General Manager (IT) Information Technology Department The Oriental Insurance Company Limited 2nd Floor, Head Office, Oriental House A-25/27, Asaf Ali Road, New Delhi – 110 002 Tel: +91 11 23243693 / +91 11 43659209 Fax: +91 11 23269087 E-mail: tender@orientalinsurance.co.in

Note:

1. It is mandatory for the Bidder to purchase the tender document so as to participate in the pre-bid meeting.
2. OICL reserves the exclusive right to make any amendments / changes to or cancel any of the above actions or any other action related to this RFP.
3. If any of the above dates is declared a holiday for OICL, the next working date will be considered. OICL reserves the right to change the dates mentioned in the RFP.

1.5 Eligibility Criteria for Pre-Qualification of Bidders

I	Financial and other requirements of the System Integrator	Supporting required
1	Should be a public / private limited company registered in India.	Certificate of Incorporation
2	The Bidder should have been in existence for a minimum period of FIVE years in India.	Certificate of Incorporation
3	The Bidder should have a minimum turnover of Rs.200 crores per annum in any three of the following financial years (2012-13, 2013-14, 2014-15, 2015-16)	Audited Financial statements for the respective financial years and/or
4	The Bidder should have positive net worth in any three of the following financial years (2012-13, 2013-14, 2014-15, 2015-16)	Published Balance Sheet
5	The Bidder should have at least one of the following accreditations / certifications which is valid as on the date of submission of this RFP - ISO 9001:2008, SEI CMMi Level 3 or above.	Copy of relevant certifications
6	The Bidder should not have been blacklisted by any Government or PSU enterprise in India as on date of the submission of Bid.	Self-Declaration by authorized signatory on company letter head.
7	The bidder should hold a valid Sales Tax Registration/VAT/Service tax Certificate, PAN Card and should be registered with the appropriate authorities for all applicable statutory taxes/duties.	a. Attested copy of the Sales Tax Registration /VAT/Service tax certificate. b. Attested copy of PAN Card and Sales Registration number
8	The bidder should have support/service centre in Delhi/NCR.	Self-Declaration by authorized signatory on company letter head.
9	The Bidder should have implemented at least one enterprise wide multi-location ECM Solution in BFSI or PSU in India in last 5 Years.	1. Copy of original PO / Contract. 2. Completion Certificate or Installation Report or Satisfactory Progress of project from client.

II	Requirements for OEM of Enterprise Content Management Application	Supporting required
10	The OEM must be a reputed and experienced company operating in the field of providing ECM solutions in India for at least 3 years as of date of this RFP.	Memorandum & Articles of Association or Purchase orders or Any Other Supporting Document confirming year and Area of activity
11	The proposed Enterprise Content Management Application should have at least 1 live implementation in BFSI or PSU sector in India.	Relevant Credential letters
12	The OEM of offered products must have their own Technical Assistance Centre (TAC) support in India	Self-Declaration by authorized signatory.
13	OEM of the offered ECM product should be listed in Gartner "Magic Quadrant for Enterprise Content Management" Published in 2015 or later.	Copy of Report.

1.6 General Conditions

- i. OICL reserves the right to vary above timeframe at its absolute and sole discretion should the need arise. All dates mentioned in section 1.4 are tentative and the Bidder acknowledges that he cannot hold OICL responsible for breach of any of the dates.
- ii. From the date of RFP issue through the date the contract is executed, communication with any OICL personnel or members regarding this RFP and the corresponding procurement other than OICL designated contact person listed in the RFP instructions is prohibited. Failure to follow this provision may be grounds for disqualification from proposal consideration.
- iii. Any costs incurred in responding to this request for proposal shall not be reimbursed.
- iv. OICL may, at its discretion, waive any minor non-conformity or any minor irregularity in an offer. This shall be binding on all Bidders and OICL reserves the right for such waivers.
- v. OICL reserves the right to scrap the tender at any stage without assigning any reason.
- vi. OICL will not provide any components, tools, utilities. All the required components, whatever required for successful implementation of the service have to be provided only by the successful Bidder.
- vii. If at any stage of project work, it is observed that offered services do not meet OICL's requirement and/or fail to provide requisite performance and required reports due to any reason not attributable to the OICL, the bidder shall have to take suitable measures without any additional cost to the OICL.
- viii. OICL reserves the right to accept or reject any or all proposals/bids or to cancel this RFP at any stage without assigning any reason.
- ix. Unless otherwise deleted or modified by mutual agreement between the OICL and the successful Bidder, all terms, conditions and provisions contained in the RFP shall be incorporated into the contract by default.

Please note that **'This tender document is not transferable'**

2 Background and Current IT Infrastructure

To bring uniformity, security and centralized access OICL has adopted integrated non-life insurance application software, named INLIAS. INLIAS is running successfully in around 1800 offices of OICL in a centralized architecture. The application serves the entire business requirements of OICL. Its scope covers from underwriting, accounting, claims processing, report generation and reinsurance requirements.

OICL has its own software development team that manages payroll, PF, web portal and other IT systems used in OICL.

Daily around 40,000 documents (proposal, endorsement etc.) are being entered into the system. Users generate around 50,000 transaction reports (Premium receipt etc.) and 25000 non-transaction reports (GL Summary etc.) on a normal working day. The transaction load increases by around 10% on every month-end/year-end. Also the volume of report-generation increases on the first three working days of every month.

OICL has its data centre site at Bengaluru and Disaster recovery site at Navi Mumbai. The following sections briefly describe the core insurance application and portal application which are required to be integrated with the enterprise content management solution.

2.1 INLIAS Architecture

BACK-END:

INLIAS is an intranet based application with 3-tier architecture. The infrastructure is hosted at OICL's centralized Data Centre. The Oracle application server suite is being used to serve client interface and reporting requirements. The Oracle 11g database is hosted on a high-end SUN SPARC server. The OS platform for all the database, application and reporting servers is Solaris 10.

LAN architecture is similar in Data Centre and Disaster Recovery Sites. Users have to use separate URLs for accessing individual sites.

FRONT-END:

There is no INLIAS specific client-side software. Users open the application using a generic browser (IE 5 and above) with java component (Jinitiator 1.3.1.22) installed. User requests are received by a load balancer and routed to one of the available application servers. Thereafter a session will be established between client and the server. Users cannot hit individual application servers and all offices use the same URL for accessing the application.

2.2 Web Portal and Mobile Applications for OICL

OICL's current web portal is on Liferay. The Portal solution is integrated with the core INLIAS insurance application for various business transactions and queries. OICL's technology architecture vision for this Portal solution is on a "Service Oriented Architecture Model".

The overall architecture has been divided into the following distinct layers as below:

- Client Layer
- Presentation Layer
- Business Layer
- Data Storage Layer
- Integration Layer
- Security Layer
- Management and Monitoring Services

The mobile application architecture leverages the Service Oriented Architecture provided by the service layer of the portal application. The application has a lightweight User Interface layer comprising of HTML5 and CSS3 and it consumes the business services through a JSON (JavaScript Object Notation) interface.

2.3 Branch Connectivity

1000+ OICL Offices are connected to data centre through MPLS VPN Dual Active-Active Link. 700+ small offices, EC's are connected to VPN through secure Roam Connect over internet. Following table specifies the bandwidth available at various OICL offices:

Office	Primary Link Bandwidth	Secondary Link Bandwidth	Total Bandwidth
HO	4 mbps	4 mbps	8 mbps
RO	192 Kbps	192 Kbps	384 Kbps
	256 Kbps	256 Kbps	512 Kbps
	320 Kbps	320 Kbps	620 Kbps
	384 Kbps	384 Kbps	768 Kbps
	512 Kbps	512 Kbps	1024 Kbps
DO	256 Kbps	256 Kbps	512 Kbps
BO	128 Kbps	128 Kbps	256 Kbps
SVC	192 Kbps	192 Kbps	384 Kbps
TP Hub	128 Kbps	128 Kbps	256 Kbps
EC / MO	64 Kbps	Nil	64 Kbps

Operating offices are connected to the data centre using VPN. Mail & Proxy servers are in the DMZ network. All the incoming traffic is screened by Firewalls.

2.4 Existing DC-DR Equipment

S.N.	Item	Details	DC	DR
1	Distribution Network Switch	Cisco N9K-C9396PX	4	4
2	Core Network Switch	Cisco N9K-C9508-B3	2	2
3	DMZ Network Switch	Cisco N9K-C9508-B3	2	2
4	Enterprise Unified Storage	EMC VMAX 100K	1	1
5	SAN Switch	Brocade DS6520B	2	2
6	Load Balancer	Radware Alteon 6420	2	2

3 Scope of Work

OICL has decided to implement a solution which will provide effective ways to securely capture, exchange and manage the information generated and contained in paper documents. The bidder is required to supply, install, configure, customize, integrate, implement, maintain and support the ECM solution. The scope is further detailed in the following sections:

3.1 Supply and implementation of ECM Solution

- 3.1.1. The bidder shall supply the ECM solution to meet the functional and technical requirements as mentioned in Annexure 1 and Annexure 2.
- 3.1.2. The bidder shall supply the required software and licenses required for successfully operationalizing the ECM solution.
- 3.1.3. All software envisaged is required to be on-premises software licensed to OICL
- 3.1.4. The software supplied must be the latest version of the software supplied by the OEM. Beta versions will not be accepted.
- 3.1.5. The successful bidder shall design the solution architecture considering the licensing requirements for all the functional requirements of OICL. The ECM shall have central document repository and distributed scanning locations, so scanning will take place in different locations as identified by OICL but documents will be stored in the repository in a central location. The system must incorporate scanning, indexing, and document management.
- 3.1.6. As part of the implementation, the successful bidder shall prepare a project plan and a resource deployment plan for implementing ECM Solution in OICL as per the project timelines defined in section 3.8.
- 3.1.7. The successful bidder shall carry out a requirement study for the functionalities and services required by OICL, to gain understanding of the business and functional requirements.
- 3.1.8. The bidder shall engage the OEM resources for review and validation during the implementation period. The team should necessarily consist of personnel from the application Vendor with knowledge of ECM across General Insurance. Bidder is required to submit the confirmation from OEM in their letter head along with technical bid.
- 3.1.9. The successful bidder shall customize the screens, design and layout of the application depending on the requirements of OICL, at no additional cost.
- 3.1.10. The successful bidder shall assist OICL in performing UAT of the application. The successful bidder will assist OICL in preparing the test scenarios and prepare test cases after taking inputs from OICL and shall be responsible for securing necessary approval from stakeholders on acceptance of the test cases.
- 3.1.11. The successful bidder shall independently test the application for its working and also assist OICL's core team in the testing of the application.
- 3.1.12. The successful bidder shall install, implement, launch and rollout ECM solution.
- 3.1.13. The successful bidder shall manage, maintain and monitor the solution for the period of the contract.

- 3.1.14. The successful bidder shall impart requisite training to OICL's core team.
- 3.1.15. The successful bidder shall conduct training (on train the trainer model), on the ECM application.
- 3.1.16. The system will be given a go-ahead for pilot go-live only when all the requirements in Annexure 1: Functional Requirements and Annexure 2: Technical Requirements have been completed and accepted by OICL's core team during UAT.
- 3.1.17. Pilot go-live will be considered as complete and will be given a go-ahead for Pan-India launch when:
- Major issues faced during the pilot launch have been resolved
 - Trainers identified by OICL have been trained by the successful bidder

3.2 ECM Integrations

- 3.2.1. The ECM solution shall be integrated with INLIAS to ensure that documents required at each process step for necessary action in those relevant screens of INLIAS. The INLIAS screen will have a view of the documents present in ECM and should provide the ability to upload, re-tag, check/approve or comment on the document attached seamlessly. All the customization required in INLIAS shall be done by the existing application vendor of INLIAS.
- 3.2.2. ECM shall be integrated with Web Portal. Through this integration, Portal users like customers, agents, surveyors etc. will get an interface to capture and upload documents into the ECM solution through the portal. The documents which can be uploaded by surveyors / investigators will be their survey/ investigation reports, claim intimation etc. which can also have photographs and other supporting documents. Customers can upload documents like address proof, date of birth proof and claim forms through the portal. Customers would also be able to view the documents submitted by them for claims or underwriting. Customers would also be able to query for their policy document to view or to download. The grievance module in the portal shall be integrated with ECM for the purpose of tagging of related communication or documents to a particular grievance if required. The solution must provide the ability to compress the uploaded documents to optimise bandwidth utilization, storage capacity and performance of the overall solution. All the customization required in Web Portal shall be done by the existing application vendor of Web Portal.
- 3.2.3. Details of each of the system requiring integration with the ECM solution within the scope of this RFP are provided in Appendix 3 - List of Interfaces.
- 3.2.4. The system must have the capability to integrate with other non- core systems/ business support systems at OICL as and when they are procured (for example CRM system, HRMS, accounting or treasury systems). The exact scope of such integrations would be decided as and when OICL deems it necessary to fulfil its business needs.

3.3 Expected number of Users& Document Volume

All users of INLIAS should be able to access documents stored in the ECM solution as per their defined access rights. Distribution of users and expected document volumes are detailed in Appendix 4 - Business Volumes.

3.4 Technical Requirements

3.4.1 Hardware for DC & DR Site

- a) The Enterprise content management solution shall be deployed on High-Availability architecture. The solution shall be designed without any single point of failure. The solution shall provide for load balancing in every required layer. The solution shall provide the ability to recover from failures and shall also provide clustering features, thus protecting against many multiple component failures.
- b) The Bidder shall recommend and provide required compute (server) infrastructure along with necessary software licenses capable of handling business volumes as detailed in Appendix 4 of this RFP. Database servers shall be scalable horizontally and vertically for further upgradation.
- c) The bidder shall provide the detailed technical architecture comprising of server hardware (including configuration) with operating systems and other application software in their technical bid.
- d) All servers shall be configured with minimum 8 GB per core or higher RAM and 10G Ethernet ports and 16G FC SAN Ports. All Ethernet uplinks should be 10G Fibre based.
- e) Currently OICL has Symantec Protection Suite Enterprise Edition 4.0. Bidder shall also factor Symantec Anti-virus for the servers as required for the solution.
- f) Currently OICL is using Sanovi Cloud Continuity 6.0 for DRM (Disaster Recovery Management). Bidder shall factor required additional DRM licence required for ECM Solution.
- g) The bidder shall provide the sizing for the required storage as per format mentioned in Annexure-4. OICL shall provide the storage at the DC and DR sites along with replication.
- h) The bidder shall meet the defined SLA's of response time. If at any stage during the contract period, performance degrades due to any reason, the bidder is liable to take corrective steps with respect to hardware /software addition or upgradation, customization etc. without any additional cost to OICL.
- i) In case the bidder has not indicated any peripherals /equipment in their proposed solution and these may be required for the successful implementation of the ECM solution, the successful bidder has to provide the required peripherals/equipment at no additional cost to OICL.
- j) Installing and configuring the ECM solution at Data Centre (DC) and Disaster Recovery site (DRS) will be part of the bidder's scope. DC as well as DR has to be set up simultaneously.
- k) The Bidder shall provide various environment:
 1. T & D Environment
 2. Training / UAT
 3. Production DC (Data Centre)
 4. Production DR (Disaster Recovery) (DR = 100% of DC without HA and DR should run in parallel with DC)
- l) All DC-DR hardware infrastructure supplied needs to be covered under three years warranty post which Bidders need to quote for applicable AMC for the remaining period of the contract.
- m) Bidder shall provide 24x7 highest level of support service available from the concerned OEM.
- n) Bidder shall apply all software updates / version upgrades released by the respective OEMs during the contract period.
- o) The Bidder shall provide on call / onsite OS support on a need basis throughout the contract period starting from the date of installation and configuration at DC and DRS.

3.4.2 System Availability

1. ECM solution shall be designed to operate for extended periods of time. The system must have the ability for the system to back up the data without requiring system downtime.

2. ECM solution will be deployed in a clustered environment and provides automatic failover between redundant systems in the event of system failure.
3. The ECM solution has to be available 24 x 7 since it shall be integrated with INLIAS and OICL's portal. The ECM solution shall be available as per defined RPO & RTO.
4. Bidder shall ensure the availability of resource at DR site as and when required to maintain defined RPO & RTO.

3.4.3 Scanners

The bidder shall supply and support scanners (with 3 years warranty) whose numbers are mentioned in the following table:

OICL offices	No of Offices	Flatbed Scanners		ADF Scanners	
		Per Office	Total	Per Office	Total
Head Office	1	25	25	50	50
Regional Office	31	10	310	2	62
Divisional Office	350	1	350	1	350
Branch Office	500	1	500	1	500
Extension Counters	843	1	843	0	0
SVC (Claims Hub)	28	0	0	3	84
TP Hub	28	0	0	3	84
OSTC	2	0	0	1	2
Total Scanners		2028		1132	

3.4.4 Exclusions

1. Bidder is not expected to provide hosting space for ECM application at DC or DR sites.
2. Enhancement in bandwidth of office links, DC-DR links will not be in bidder's scope.
3. Enhancements required in Portal and INLIAS for integration with ECM will not be in the scope of the bidder. Individual service providers of Portal and INLIAS need to handle enhancements in their respective modules.
4. Procurement of Storage, LAN & WAN Infrastructure will not be in bidder's scope.

3.5 Data Integrity

The ECM system will allow the simultaneous access of the same data by many users without compromising data integrity.

3.6 Warranty and Post Production Support

1. The Bidder will be the single point of contact and responsible for AMC, ATS, guarantees & warranties for all components, hardware for build & test, software, etc.
2. Bidder shall list out the warranty period provided for each proposed product/solution in the RFP response. The Bidders may note that:
 - a) All DC-DR hardware infrastructure supplied needs to be covered under three years warranty post which Bidders need to quote for applicable AMC for the remaining period of the contract.

- b) All ECM software and Database needs to be covered under a one year warranty post which the Bidders need to quote for applicable ATS.
 - c) The Bidder needs to have back to back arrangements with relevant parties for all AMC/ATS for the entire contract period.
3. The products & services offered must include comprehensive on-site warranty as provided by the OEM Bidder from the date of installation and acceptance of the solution by OICL including all software, hardware for production and test, parts, media, patches, updates and licenses. For Hardware, the warranty will commence from the date acceptance and for ECM and Database from Pilot Go-live date. No parts, accessories of the systems like print heads etc. should be excluded from such warranty; and
4. Bidder shall be fully responsible for the manufacturer's warranty in respect of proper design, quality and workmanship of all required hardware, equipment, etc. covered by the tender. Bidder shall warrant all required hardware, equipment, spare parts etc. against any manufacturing defects during the warranty period.
5. During the warranty period Bidder shall maintain the systems and repair / replace at the installed site, at no charge to OICL, including defective components that are brought to the Bidder's notice
6. The warranty should not become void, if OICL buys, any other supplemental hardware from a third party and installs it within these machines with intimation and approval to the Bidder. However, the warranty will not apply to such supplemental hardware items installed.
7. In the event of system breakdown or failures at any stage, relevant protection available shall be specified which would include the following:
 - a) Diagnostic for identification
 - b) Protection of data entered
 - c) Recovery / restart facilities
 - d) Backup facilities
8. The Bidder shall carry out Preventive Maintenance (PM) at the Data Centre and Disaster Recovery site of all required hardware and testing for virus, if any, once in a calendar quarter and should maintain proper records at each site for such PM.
9. For implementing different versions of Application Software, if adjustments / change in the configuration are to be made in base memory the same shall be carried out by the Bidder as a part of warranty.
10. If the Operating System or additional copies of Operating System are required to be installed / reinstalled / de-installed, the same shall be done at no additional cost during the period of contract. The Bidder shall provide or develop with the assistance of OICL.
11. The bidder shall follow the below mentioned technical standards:
 - a) Security Requirements;
 - b) Operating Procedures;
 - c) Recovery Procedures;
 - d) Perform an inventory of warranties and licenses in place as of the Start Date;
12. The Bidder shall ensure that the warranty complies with the agreed Technical Standards, Security Requirements, Operating Procedures, and Recovery Procedures
13. The Bidder shall perform warranty and license registration, if any, with the appropriate manufacturer, for hardware and software:
 - a) Procured through the Bidder, or
 - b) Procured by OICL with notification to the Bidder for inclusion in such data base
14. Bidder shall monitor warranties to check adherence to preventive and repair maintenance terms and conditions

15. Bidder shall provide OICL with access to asset control information.
16. Bidder shall provide to OICL, as reasonably requested, reports that aid OICL in performing asset management and financial management functions of OICL as these relate to hardware leases and warranties and software licenses
17. Bidder shall maintain data regarding entitlement for software upgrades, enhancements, refreshes, replacements and maintenance.
18. Bidder shall provide technical information as reasonably requested by OICL for preparation and implementation of budgets and cost benefit analysis.
19. As far as possible, the equipment should be repaired at site. Where the equipment is taken for repairs outside OICL, a substitute should be provided and data, if any, should be transferred to the substitute machine besides creating back-up in one of the system's at OICL's office and the data in the machine should be got deleted and hard disk should be degaussed.
20. The bidder shall provide onsite support post Pilot Go-live of the ECM Solution during OICL business hours (Monday to Friday from 9 AM to 6 PM). Post business hours Bidder may provide support from their off-shore team to meet the SLA's. The primary responsibility of the helpdesk support team will be to resolve clarification related issues, configuration related issues, access related issues etc. at their level. Issues that require code change or which cannot be resolved at their level need to be escalated to off-shore support team. The following is the indicative list of activities expected from the help desk support team.
 - a. It will serve as the front-end for all users and provide services request sorting, information and non-functional information, ticket routing for support of ECM
 - b. Helpdesk support would typically address queries all end user issues pertaining to:
 - i. Business application related issues/queries,
 - ii. Operating System, Generic IT Queries
 - iii. Queries related to business process
 - iv. Queries related to scanners
 - c. The key activities that the Bidder is expected to perform as part of Helpdesk support are:
 - i. User Management
 - ii. Creation or modification of user profiles
 - iii. Assessment in case of specific rights assignment
 - iv. Provision for assigning user rights only for certain fixed period
 - v. Categorization of requests into functional clarification, bug etc.
 - vi. Providing functional clarification / work around
 - vii. Bug / change requests to be logged and reported for further processing
 - viii. Provide telephonic and / or electronic mechanisms for problem reporting requests as well as for service and status updates.
 - ix. Escalate / assign unresolved issues to next level
 - x. Liaising with the existing underlying application vendors for resolution of integration related issues
 - xi. Liaising with scanner vendors to resolve issues related to working of scanners
21. Off-site support team needs to fix all the reported issues and deploy the fix to application, hardware / OS Infra at DC-DR.

3.7 Period of Contract

The contract period for the project "Enterprise Content Management Solution" will be 6 years.

3.8 Project Timelines

Milestone	Milestones	Duration from date of issue of Purchase Order
1	Issuance of Purchase Order and Project Kick-off Meeting	Week-0
2	Submission and Acceptance of System Study Document and Finalization of Design and Deployment architecture	Week-10
3	<ul style="list-style-type: none"> i. Delivery of Application and Database Licenses ii. Delivery, Installation and Acceptance of DC-DR Hardware & Scanners at respective locations 	Week-12
4	Deployment of ECM Solution post configuration, customization, integration and Quality Assurance with INLIAS and Portal.	Week-36
5	Completion of User Acceptance Testing (UAT) for ECM Solution	Week-42
6	Completion of Pilot Go-live for ECM Solution (One SVC, One DO and One TP Hub in Delhi Location)	Week-46
7	Completion of Pan-India Go-Live (Rollout of ECM Solution at all OICL locations)	Week-52
8	Post Go-live Support	Week-52 onwards

The bidder shall roll out the ECM solution to each office including SVCs. It should be considered for all products, for core processes like policy issuance and claims and also for other non-core functions as mentioned in this document. All mandatory and non-mandatory documents are to be uploaded to the ECM database related to such transactions.

The scanning of documents will be in a decentralized fashion in-line with the current policy issuance model. For Claims, it will follow a hybrid model – centralized for SVC processing and decentralized for office operations.

OICL may decide to scan old documents on need basis. Documents related to and relevant for any transactions in the future will be considered for storage in electronic form. For e.g. if a claim arises for a policy underwritten before the ECM implementation, along with claims documents, underwriting docket would form a part of document to be included in ECM.

4 Service Level Agreements

4.1 Support SLAs

These SLAs are applicable post pilot go live during production support phase.

Support Service Levels will include Availability measurements and Performance parameters.

The Bidder shall provide Availability Report on a daily, weekly, fortnightly, monthly basis as applicable and a review shall be conducted based on this report. The SLA report shall be provided to OICL as required periodically containing the summary of all incidents reported and associated Bidder performance measurement for that period. Bidder shall use an appropriate tool for the purpose of such reporting.

Performance measurements would be assessed through audits or reports, as appropriate to be provided by the Bidder e.g. utilization reports, response time measurements reports, etc. The tools to perform the audit will need to be provided by the Bidder. Audits will normally be done on regular basis or as required by Company and will be performed by Company or Company appointed third party agencies.

System availability is defined as:

$$\{(Scheduled\ operation\ time - system\ downtime) / (scheduled\ operation\ time)\} * 100\%$$

Where:

1. "Scheduled operation time" means the scheduled operating hours of the System for the month. All planned downtime on the system would be deducted from the total operation time for the month to give the scheduled operation time.
2. "System downtime" subject to the SLA, means accumulated time during which the System is not available to OICL's users or customers due to in-scope system or infrastructure failure, and measured from the time Company and/or its customers log a call with the Bidder help desk of the failure or the failure is known to the Bidder from the availability measurement tools to the time when the System is returned to proper operation.
3. Service Levels should be complied with irrespective of the customizations that the applications would undergo during the tenor of the Contract

4.1.1 Level Classifications

LEVEL	Function / Technology	Minimum Service Level	Cost Reference
<i>I. Critical</i>	Any problem due to which Operating offices, HO, RO, Call Centre, Portal cannot access the ECM solution	99.5%	Software Applications, Hardware, Database, Facility Management
<i>II. Key</i>	Any problem due to which ECM solution is partially unavailable (including configuration or user access related issue) to users at Operating offices, HO, RO, Call Centre, Portal.	98%	Software Applications, Hardware, Database, Facility Management

4.1.2 Performance measures

Type of Infrastructure	Measurement	Minimum Service Level	Cost Reference
Hardware Utilization	Peak time daily utilization levels should be less than 70% at all times during working hours. (CPU, Memory)	99.5%	Hardware Costs, Facility Management
Disaster Recovery Site Availability	Business operations to resume from Disaster Recovery Site as follows: Recovery time objective (RTO) = 2 hours Recovery point objective (RPO) =1 hour	100%	Hardware Costs, Facility Management, DC Cost, DR Cost

Performance measurements would be assessed through audits or reports, as appropriate to be provided by the Bidder e.g. utilization reports, response time measurements reports, etc. The tools to perform the audit will need to be provided by the Bidder. Audits will normally be done on regular basis or as required by Company and will be performed by Company or Company appointed third party agencies.

'Cost Reference' that is mentioned is cost for the referenced item for the complete tenor of the Contract.

4.2 Scanner SLAs

- a) Working-hour window will be from 9 AM to 6 PM (Monday to Friday)
- b) Any breakdown call shall be resolved within specified time as mentioned below from the date and time of booking a call. However, the call should be attended to during working hours only.
 - i. HO: 48 hours
 - ii. RO Centre and RO city offices: 48 hours
 - iii. SVC: 48 hours
 - iv. TP Hubs: 48 hours
 - v. OSTC: 48 hours
 - vi. DO (Except RO city offices): 72 hours
 - vii. BO (Except RO city offices): 72 hours
 - viii. EC : 72 hours
- c) All Saturdays and Sundays and OICL holidays shall be excluded from the break-down period provided the call is resolved on the next working day.
- d) If the breakdown call is not resolved within the resolution time or no standby equipment is provided by the bidder, penalty will be charged Rs. 500/- per day (Post 48/72 hours as applicable).
- e) In case of problems that need to be addressed by removing the scanner should they persist or the equipment needs to be removed for repairs, a standby should be provided within applicable time of receiving complaint. The standby equipment provided should be of equivalent or higher specifications.
- f) Exclusions from downtime calculations:
 - i. Scheduled downtime approved by OICL for preventive maintenance, testing, system upgrades etc.
 - ii. Failures due to source power unavailability, UPS failure etc.
 - iii. Downtime because of LAN cabling faults or WAN link failures

Note:

The bidder needs to submit SLA reports to OICL on a monthly basis. Service default will occur wherever the bidder fails to meet minimum service levels. In such cases OICL has the option to charge liquidated damages to the bidder. Liquidated damages will be calculated by multiplying Service default % by the cost reference for that parameter.

The maximum amount that can be levied by way of Liquidated Damages and Penalty and Performance Guarantee liquidation shall not exceed 10% of total contract value.

E.g. In the event of an Availability Service Level Default, the Bidder shall pay OICL an Availability Service Liquidated damage that will be computed in accordance with the following formula:

Monthly Service Level Default = Minimum Service Level – Monthly Actual Service Level

Availability Service Liquidated Damage = Monthly Service level default X (Summation of Cost References)

Cost reference is the summation of costs for that parameter in overall commercials. It is generally computed upfront during contracting stage.

Assume for a particular service level requirement (e.g. Availability of Key Business Infrastructure Elements), the minimum service level is 99% During a Service Assessment period; the service level of 96.5% is achieved:

Total Cost of Product and Services	~	Rs. 1 crores
Software Application	~	Rs. 2 crores
Hardware	~	Rs. 3 crores
Database	~	Rs. 4 crores
Onsite support / Facility Management	~	Rs. 5 crores

Cost reference for availability measure is summation of cost of Software application, Hardware, Database and Onsite support / Facility Management.

The Availability Service Credit due to OICL would be computed as follows:

Q1 Minimum Service Level

Monthly Service Level Default = M1 = 99 - 96.5 = 2.5

Availability Service Credit for M1
crores) = 2.5% * (2 crores+ 3 crores+ 4 crores+ 5

= Rs 35,00,000

5 Instructions to Bidders

5.1 Procedure for submission of bids

The Bidders will be required to submit following three documents in three separate envelopes.

1. Eligibility Bid
2. Technical Bid
3. Commercial Bid

Three sealed envelopes containing hard copies of pre-qualification bid, technical bid and commercial bid along with Soft copies should be submitted in the following manner:

Envelope I – Two hard copies (spirally bound) of pre-qualification bid in the format given in this tender, with information requested by OICL along with EMD in the form of Bank Guarantee and 1 compact disk (CD) containing the soft copy of pre-qualification bid.

- a) Each of the two hard copies of pre-qualification bid should be a complete document, bound as a volume and placed in separate sealed envelopes super-scribed Pre-qualification Bid for Tender No. OICL/HO/ITD/ ECM/2016/01 dated 5th August 2016
- b) Each of the sealed envelopes should also be marked as "Original" and "Copy" respectively.
- c) The two envelopes of pre-qualification bid should be placed in a single sealed envelope and super-scribed as: Pre-qualification Bid for Tender No. OICL/HO/ITD/ ECM/2016/01 dated 5th August 2016

Envelope II - Technical bid comprising of two spirally bound hard copies of the technical bid in the format given in this tender, along with 1 compact disk (CD) containing the soft copy of technical bid.

- a) Each of the two hard copies of technical bid should be a complete document, bound as a volume and placed in separate sealed envelopes super-scribed Technical Bid for Tender No: OICL/HO/ITD/ ECM/2016/01 dated 5th August 2016
- b) Each of the sealed envelopes should also be marked as "Original" and "Copy" respectively.
- c) The two envelopes of technical bid should be placed in a single sealed envelope super-scribed: Technical Bid for Tender No: OICL/HO/ITD/ ECM/2016/01 dated 5th August 2016
- d) Soft copy of the response to the technical bids should also be provided in MS excel/MS word. The soft copy is to be placed in Technical Bid. In case of any discrepancies between the hardcopy and softcopy OICL will use the hardcopy submitted by the Bidder for the evaluation. THE SOFT COPY SHOULD NOT CONTAIN COMMERCIALS AND COMMERCIALS ARE TO BE ENCLOSED ONLY IN COMMERCIAL BID COVER. A masked copy of Appendix 1- bill of material should be a part of technical bid.
- e) The Bidders have to note that the technical proposal must contain Soft copy of the technical bid only. Soft copy of the commercial bid should not be enclosed with technical bid.

Envelope III - Two spirally bound hard copies of commercial bid in the format given in this tender, along with 1 compact disk (CD) containing the soft copy of the commercial bid.

- a) Each of the two hard copies of the commercial bid should be a complete document, bound as a volume and placed in separate sealed envelopes super-scribed Commercial Bid for Tender No: OICL/HO/ITD/ ECM/2016/01 dated 5th August 2016.

- b) Each of the sealed envelopes should also be marked as "Original" and "Copy" respectively.
- c) The two envelopes of commercial bid should be placed in a single sealed envelope superscribed: Commercial Bid for Tender No: OICL/HO/ITD/ ECM/2016/01 dated 5th August 2016
- d) Soft copy of the commercial bid should also be provided in MS excel format. The soft copy is to be placed in commercial bid. In case of any discrepancies between the hardcopy and softcopy OICL will use the hardcopy submitted by the Bidder for the evaluation.

Note:

1. The Bid shall be typed in English and signed by the Bidder or a person duly authorized to bind the Bidder to the Contract. The person(s) signing the Bids shall initial all pages of the Bids.
2. All envelopes should be securely sealed and stamped.
3. It is mandatory for the Bidder to quote for all the items mentioned in the RFP.

5.2 Cost of Tender

The bidder shall bear all costs associated with the preparation and submission of the bid, including cost of presentation and demonstration for the purposes of clarification of the bid, if so desired by OICL. OICL will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the bidding process.

5.3 Tender Document

5.3.1 Content of the Tender document

The bidder is expected to examine all instructions, terms, forms, specifications, annexures and appendices in this document. Failure to furnish all information required by the tender document or submission of a bid not substantially responsive to the tender document in every respect will be at the bidder's risk and shall result in the rejection of the bid.

5.3.2 Clarification of Tender document & Pre-Bid Meeting

A prospective bidder requiring any clarification of the tender document may notify OICL in writing in the format as provided in Appendix 11 - Queries on RFP at OICL's correspondence address mentioned in section 1.4 before **12th August 2016 5:00 PM**. OICL will respond to any request for clarification of the tender document in the bidder clarification meeting on **22nd August 2016 03:30 PM** at OICL Office.

The Representatives of Bidders attending the pre-bid meeting must have purchased the Tender document prior to the pre-bid meeting.

5.3.3 Amendment of Tender document

At any time prior to the deadline for submission of Proposal, OICL may, for any reason, whether at its own initiative or in response to a clarification requested by a prospective bidder, modify the tender document by an amendment.

The amendment will be notified in writing or by email or by fax to all prospective bidders who have purchased the tender document and will be binding on them.

In order to afford prospective bidders reasonable time in which to take the amendment into account in preparing their bids, OICL may, at its discretion, extend the last date for the receipt of bids. Details will be communicated and published on our portal www.orientalinsurance.org.in

5.4 Bid Preparation

5.4.1 Language of Bids

The Bids prepared by the bidder and all correspondence and documents relating to the bids exchanged by the bidder and OICL, shall be written in the English language. Any printed literature furnished by the Bidder may be written in another language so long the same is accompanied by an English translation in which case, for purposes of interpretation of the bid, the English translation shall govern.

5.4.2 Documents comprising the bid

Please refer Appendix 2 for details.

The person(s) signing the bid shall initial all pages of the bid, except for unmodified printed literature. The above list of requirements is indicative. The bidder should refer to the complete RFP for all requirements that are required to be submitted along with Prequalification Bid, Technical Bid and Commercial Bid(s). The Annexure and their contents should be submitted as stated in the format only. The Bid may be rejected in case of non-adherence to any of the above instructions. Any request for the change in the terms and conditions of the RFP document, will not be accepted

5.4.3 Due Diligence

The Bidder is expected to and shall be deemed to have examined all instructions, forms, terms and specifications in this Tender Document. The Bid should be precise, complete and in the prescribed format as per the requirement of the Tender Document. Failure to furnish all information and documents required by the Tender Document or submission of a bid not responsive to the Tender Document in every respect will be at the Bidder's risk and may result in rejection of the bid. OICL shall at its sole discretion be entitled to determine the adequacy / sufficiency of the information provided by the Bidder.

5.4.4 Firm Price

Prices quoted by the bidder should be all firm and final, and shall not be subject to any escalation whatsoever during the period of the contract. Prices should indicate the price at site and should include all state and central taxes, Viz. sales tax, service tax, excise & custom duties on the final finished outputs/services tendered for. Octroi and local levies, if any payable, should be paid by the bidder and will be reimbursed on production of original receipts.

Prices should be shown separately for each item of services and other aspects as detailed in bid documents. Tenders not containing item-wise prices are liable to be rejected. The prices quoted should also include all rights (if any) of patent, registered design or trademark and the bidder shall indemnify OICL against all claims in respect of the same.

5.4.5 Bid Security

EMD of ₹1,00,00,000/- (Rupees One Crore) in the form of Bank Guarantee favoring 'The Oriental Insurance Company Ltd' valid for six months should be submitted as per format given in Appendix 6 - Pro forma for Bid Security.

- a) BG should be drawn on Nationalized / Scheduled bank in favour of 'The Oriental Insurance Company Ltd'. Non-submission of BG along with Eligibility-Bid document will disqualify the Bidder.
- b) BG will be returned to the qualified Bidder after acceptance of Purchase Order and/ or Signing of the Contract(s) by the Bidder and submission of required Performance Bank Guarantee (PBG) as per format given in Appendix 5 – Pro forma for Performance Security.
- c) For the Bidders who do not qualify in this tender, BG will be returned after the selection of successful Bidder.
- d) EMD submitted by Bidder may be forfeited if:
 - i. Bidder backs out of bidding process after submitting the bids;
 - ii. Bidder backs out after qualifying;
 - iii. Bidder does not accept the Purchase Order / Sign the Contract within the time prescribed by OICL after qualifying.

5.4.6 Period of validity of Bids

Bids shall remain valid for 180 days from the last date of submission of commercial bid prescribed by OICL. A bid valid for a shorter period may be rejected by OICL as non-responsive.

In exceptional circumstances, OICL may solicit the bidder's consent to an extension of the period of validity. The request and the responses thereto shall be made in writing (or by fax). The bid security validity shall also be suitably extended. A bidder may refuse the request without forfeiting his bid security. A bidder granting the request will not be required nor permitted to modify his bid.

5.4.7 Disclosure of Prices

Prices in any form or by any means should not be revealed in pre-qualification or technical bid or before opening the commercial bid in any form, failing which the offer shall be liable to be rejected. If price change is envisaged due to technical clarification, revised commercial bid in a separate sealed envelope shall be accepted with prior written permission of OICL.

5.4.8 Local Conditions

It will be imperative on each bidder to fully acquaint with the local conditions and factors, which would have any effect on the performance of the contract and / or the cost.

5.4.9 Proposal Ownership

The proposal and all supporting documentation submitted by the vendor shall become the property of OICL.

5.4.10 Proposal Format

Solution providers are requested to submit a written proposal containing full details of the proposed solutions to cover the requirements of this RFP. In the interests of consistency and in order to enable an efficient and fair evaluation process, proposals are required to conform to the following:

1. Proposals shall mirror the format and sequence of the RFP.
2. Proposals shall include specific statements of compliance or otherwise, for each requirement within this RFP.
3. Proposals shall be self-contained and not rely on references to manuals or brochures
4. It is mandatory for the bidder to quote for all the items mentioned in the tender.

5.5 Bid Submission

5.5.1 Sealing and marking of Bids

The bidders shall seal and mark each of the copies (two printed and one soft copy where applicable) of the pre-qualification bid, the technical bid and the commercial bid respectively. In case of non-compliance, OICL will assume no responsibility for the bid's misplacement or premature opening.

5.5.2 Last date of Receipt of Bids

Bids must be received by OICL at the address specified under section 1.4 not later than the time and date specified in section 1.4. In the event of the specified date for the receipt of bids being declared a holiday for OICL, the bids will be received till the appointed time on the next working day.

OICL may, at their discretion, extend the last date for the receipt of bids by amending the tender document in which case all rights and obligation of OICL and bidders previously subject to the last date will thereafter be subject to the last date as extended.

5.5.3 Late Bids

Any bid received by OICL after the last date & time for receipt of bids prescribed by OICL (refer 1.4) will be rejected and /or returned unopened to the bidder.

5.5.4 Modification and withdrawal of Bids

The bidder may modify or withdraw his bid after the bid's submission, provided that written notice of the modification or withdrawal is received by OICL prior to the last date prescribed for receipt of bids.

The bidder's modification or withdrawal notice shall be prepared, sealed, marked and dispatched in accordance with the provisions of section 5.4. A withdrawal notice may also be sent by fax but followed by a signed confirmation copy, post marked not later than the last date for receipt of bids.

No bid may be modified subsequent to the last date for receipt of bids.

No bid may be withdrawn in the interval between the last date for receipt of bids, and the expiry of the bid validity period specified by the bidder in the bid. Withdrawal of a bid during this interval may result in forfeiture of the bidder's bid security.

5.5.5 Address for correspondence

Bidder: The bidder shall designate the official mailing address, place, telephone number, fax number and e-mail address to which all correspondence shall be sent by OICL.

OICL: Correspondence with OICL should be made at the address specified under section 1.4. OICL will not be responsible for non-receipt of any communication sent by the bidder or for any communication sent to any other office of the OICL.

5.5.6 Clarifications

If deemed necessary, OICL may seek clarifications on any aspect from the bidder. However, that would not entitle the bidder to change or cause any change in the substance of the bid submitted or price quoted. OICL may, if it so desires, ask the bidder to give presentation for the purpose of clarification of the tender. All expenses for this purpose, as also for the preparation of documents and other meetings, will be borne by the bidders.

5.5.7 Preliminary Examination

OICL will examine the bids to determine whether they are complete, whether any computational errors have been made, whether required bid security has been furnished, whether the documents have been properly signed, and whether the bids are generally in order.

Arithmetical errors will be rectified on the following basis. If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected. If the bidder does not accept the correction of the errors, his bid will be rejected. If there is a discrepancy between words and figures, the amount in words will prevail.

A bid determined as not substantially responsive will be rejected by OICL and may not subsequently be made responsive by the bidder by correction of the non-conformity.

OICL may waive any minor informality or non-conformity or irregularity in a bid, which does not constitute a material deviation, provided such waiver does not prejudice or affect the relative ranking of any bidder.

5.5.8 Verification

OICL reserves the right to conduct a verification of the customer references submitted by the bidder. OICL also reserves the right to conduct a verification of the competency and infrastructure of the bidder. OICL will conduct all or any of these verifications to satisfy itself on the bidder's capability to supply the tendered products and services compliant to the requirement specifications defined in this tender.

In the event of the verification revealing that a bidder does not have the capability to supply the tendered services compliant to the requirement specifications defined in this tender, OICL may at its discretion reject the bid.

5.5.9 Exerting Undue Influence

Bidder shall NOT contact OICL on any matter relating to this bid, from the time of the submission of commercial bid to the time the contract is awarded.

Any effort by a bidder to influence OICL's bid evaluation, bid comparison or contract award decision may result in the rejection of the bid.

5.6 Award of Contract

5.6.1 Award criteria

Pursuant to the pre-qualification criterion mentioned in section 1.5 bidders will be short-listed for technical bid. Technical bids of only those bidders who succeed the pre-qualification criteria shall be opened.

OICL will review the technical bids of the short-listed bidders to determine whether the technical bids are substantially responsive. Bids that are not substantially responsive are liable to be disqualified at OICL's discretion.

The commercial bids for the technically qualified bidders will then be opened and reviewed to determine whether the commercial bids are substantially responsive. Bids that are not substantially responsive are liable to be disqualified at OICL'S discretion.

OICL will award the contract to the successful bidder whose bid has been determined to be substantially responsive and has been determined as the lowest commercial bid (L1).

Please note: The consolidated prices given in the Appendix 1 - Commercial Bid Details (TCO Sheet i.e. Total Cost of Ownership) shall be considered for Lowest Commercial bid (L1).

5.6.2 OICL's Right to accept any bid/ reject any or all bids

OICL reserves the right to accept or reject any bid, and to annul the tender process at any time prior to award of contract, without thereby incurring any liability to the affected bidder or bidders or any obligation to inform the affected bidder or bidders of the grounds for OICL's action.

5.6.3 Notification of Award

Prior to the expiration of the period of bid validity, OICL will notify the bidder(s) in writing that his bid has been accepted and the same should be acknowledged by the bidder.

The notification of award will constitute the formation of the contract.

The successful bidder's bid security will be returned upon the bidder signing the contract, and furnishing the performance security

Unsuccessful bidder's bid security will be returned as promptly as possible.

5.6.4 Signing of Contract

At the same time as OICL notifies the bidder that his bid has been accepted, OICL will send the bidder the contract form as per Annexure 10-Contract Form provided as a part of this tender document, incorporating all agreements between the parties.

On receipt of the contract form, the bidder shall sign and date the contract form, and return it to OICL on a mutually decided date.

5.6.5 Performance Security

Within 15 days after the receipt of Notification of Award from OICL, the bidder shall furnish performance security to OICL as per Pro-forma prescribed in Appendix 5- Performance security, which shall be equal to 10 percent of the value of the contract - valid till six months after date of expiry of six year Contract period, in the form of a bank guarantee from a nationalized/ scheduled bank as per the norms laid by the RBI.

Failure of the bidder to comply with this requirement of submitting the Performance security shall constitute sufficient grounds for the annulment of the award and forfeiture of the bid security, in which event OICL may make the award to the other bidders or call for new bids.

5.6.6 Consortiums

The bidder should be an individual organization. Consortium shall not be allowed.

5.6.7 Publicity

Any publicity by the bidder in which the name of OICL is to be used, should be done only with the explicit written permission from OICL.

6 Bid Evaluation Methodology

The competitive bids shall be evaluated in three stages:

- ▶ Stage 1 – Eligibility Evaluation
- ▶ Stage 2 – Technical Evaluation
- ▶ Stage 3 – Commercial Evaluation

6.1 Eligibility Evaluation

Eligibility criterion for the Bidders to qualify this stage is clearly mentioned in Section 1.5 - Eligibility Criteria of this document. The Bidders who meet ALL these criteria would only qualify for the second stage of evaluation. The Bidder would also need to provide supporting documents for eligibility proof. All the credentials of the Bidder necessarily need to be relevant to the Indian market.

The decision of OICL shall be final and binding on all the Bidders to this document. OICL may accept or reject an offer without assigning any reason whatsoever.

6.2 Technical Evaluation

The technical proposals will be subjected to evaluation at the first stage post qualification of general eligibility criteria. The bidders scoring less than 70 percent marks (cut-off marks) in the technical evaluation shall not be considered for commercial opening of the bids. Once the evaluation of technical proposals is completed, the bidders who score more than the prescribed cut-off score will only be short-listed for commercial opening of the bids.

The commercial evaluation will be based on the lowest cost offered by the bidders who have crossed the cut-off marks in technical evaluation.

OICL reserves the right to modify / amend the evaluation process at any time during the Bid process, without assigning any reason, whatsoever, and without any requirement of intimating the Bidders of any such change. Any time during the process of evaluation, OICL may seek specific clarifications from any or all the Bidders. OICL's decision in this regard shall be final & binding and no further discussion/interface will be held with the bidders whose bids are technically disqualified / rejected.

Category	Criteria	Max Marks
A	Experience/ Credentials	100
B	Functional Compliance for ECM	80
C	Technical Compliance for ECM	150
D	Technical Presentation cum Product Demonstrations	150
E	Implementation Approach	70
F	Site visit/ Customer feedback	50
Total		600

The Bidder needs to score at least 70% in the technical evaluation to qualify for commercial evaluation.

A. Experience / Credentials

Category	No. of credentials (Indian)	Marks
ECM Product OEM	4 or more	50
	3	40
	2	30
	1	20
SI – Implementation partner	4 or more	50
	3	40
	2	30
	1	20

B. Functional Specification for ECM

Functional Specifications	Marks
Document capture, Data entry and Conversion	5
Indexing	5
Document Viewing, Search & Retrieval	5
Document Handling	5
Version Management	5
Security	10
Workflow & Other features	10
Document Delivery and Distribution	10
Report and Audit, Scalability and multisite deployments	10
General requirements	5
Architecture Considerations	10
Total	80

Responses received in Annexure 1 – Functional Checklist would be used for evaluating the Bidder on the functionality being proposed by the Bidder. The Functional Score for each area in Annexure 1 would be worked out as follows:

OICL Ratings – OICL has classified each of the requirements as follows:

OR	Classification	Description
1	Desired	The requirement is necessary for efficient functioning
2	Mandatory	The requirement must be satisfied in its entirety

“VS” - Bidder Scores – The bidder should provide an appropriate score to each requirement requested for as per the following Table:

VS	Description
0	Not Available
3	Available as out of the box
2	Customizable before commencement of UAT
1	Available by third party integration

The score would be worked out as under:

$$S = OR * VS$$

Where

S = Score

OR = OICL Rating

VS = Bidder Score.

The total score for the functional requirements would be:

$$TS = \sum S$$

Where:

TS = Total Score

$\sum S$ = Sum of all the derived scores

Each section within the RFP would have an appropriate weight and the weighted score for that section would be as follows:

$$WS = W * \sum S / (\sum OR*4)$$

Where:

WS = Weighted Score for the section

W = Weight for the section

$\sum S$ = Total of the derived scores of the section

$\sum OR$ = Total of OICL Ratings of the section

C. Technical Compliance for ECM

Technical Requirements	Marks
Solution Architecture	30
Application Performance and interoperability	30
Monitoring	20
Security	30
Interfaces and Uploads	20
Batches and Transactions	20
Total	150

Reponses received in Annexure 2 – Technical Solution Requirements would be used for evaluating the Bidder on the functionality being proposed by the Bidder. The method of scoring is as below:

OICL Ratings – OICL has classified each of the requirements as follows:

OR	Classification	Description
1	Desired	The requirement is necessary for efficient functioning
2	Mandatory	The requirement must be satisfied in its entirety

"BS" - Bidder Scores – The bidder would be required to provide an appropriate score to each requirement requested for as per the following table:

VS	Description
0	Not Available
3	Available as out of the box
2	Customizable before commencement of UAT
1	Available by third party integration

The scores for technical evaluation shall be worked out as detailed for functional evaluation.

D. Technical Presentation cum Product Demonstrations

S.N.	Agenda	Marks
1	Project Execution Methodology and Risk Mitigation Plan	10
2	Proposed Solution: a. ECM Solution Architecture b. DC/DR Solution Architecture c. Proposed Hardware Sizing	10
4	Project Plan and People Deployment	10
5	Implementation Methodology - Customization and integration capability	10
6	Post Rollout Support	10
7	Product Demonstration of ECM solution based on scenarios*	100

***Scenarios for Product Demonstration:**

S.N	Feature	Scenario	Marks
1	Document capture	Demonstrate how the document can be scanned or uploaded from ECM application on a real time basis as well as using a scheduler	25
		Demonstrate how the document can be scanned or uploaded in an integrated environment from any application with which ECM system has been integrated in the past (on a real time basis as well as using a scheduler)	
		Demonstrate the bulk scanning process a) Show how multiple pages of the document can be scanned efficiently b) Show how ECM application can add separators to demarcate each section of a scanned document	
		Demonstrate how the ECM application will compress the scanned application without reducing the quality.	
		Demonstrate any other feature(s) for document capture that will be beneficial for an organization like OICL	
2	Cataloguing & Indexing	Demonstrate how the document is indexed/in warded and catalogued in individual as well as bulk scanning	20
		Demonstrate the capability to configure the system to create / edit indexing parameters without going for any future customization	
3	Search & Retrieval	Demonstrate ways of Searching and retrieving documents (fully or partially). The process of searching and retrieving documents should be fast and user friendly with optimum use of bandwidth.	10
4	Workflow	Demonstrate flow of document from one stage in a workflow to another. Also demonstrate the capability to configure the workflow without going for additional customization	10
5	Version Management	Demonstrate how documentation can be versioned before and after publishing for Read/Write. Audit trail in terms of user-id and timestamp of upload, modify, print and delete must be demonstrated	10
6	Security	Demonstrate User access and information rights management features	25
Total Marks			100

E. Implementation Approach

Approach	Description	Marks
Methodology	Ability to achieve major milestones mentioned in RFP	5
	Change Management approach	5
	Use of accelerators	5
People	Roles & Responsibilities of project execution team	5
	Manpower deployment plan	10
	Resource committed (including their profiles): - During solution phase - During implementation phase - Post implementation phase	10
Support	Support Strategy	10
	SLA monitoring & reporting methodology	10
	Support model with OEM	10
Total		70

F. Site Visits/ Customer Feedback:

Bidder will have to arrange one live site visit for the OICL Team:

Site Visits/ Customer Feedback	Marks
Site Visits/ Customer Feedback	50

6.3 Commercial Bid Evaluation

The commercial bids for the technically qualified Bidders will be opened and reviewed to determine whether the commercial bids are substantially responsive. Bids that are not substantially responsive are liable to be disqualified at OICL'S discretion. The total cost of ownership for the purpose of evaluation shall be calculated over the contract period of 6 years.

OICL will award the contract to the successful Bidder whose bid has been determined to be substantially responsive and has been determined as the lowest commercial bid (L1), provided further that the Bidder is determined to be qualified to perform the contract satisfactorily.

7 Terms and Conditions

7.1 Applicability

These general conditions shall apply to the extent that they are not superseded by provisions in other parts of the contract.

7.2 Use of Contract document and Information

The bidder shall not, without OICL's prior written consent, disclose the contract or any provision thereof, or any specification, design, drawing, pattern, sample or information furnished by or on behalf of OICL in connection therewith, to any person other than a person employed by the bidder in the performance of the contract. Disclosure to any such employed person shall be made in confidence and shall extend only as far as may be necessary for purposes of such performance.

The bidder shall not without OICL's prior written consent, make use of any document or information forming a part of this tender except for purpose of performing the contract.

Any document forming a part of this tender, other than the contract it shall remain the property of OICL.

7.3 Patent Rights

The Bidder shall indemnify OICL against all third party claims of infringement of patent, trademark or industrial design rights arising from the use of the supplied computer hardware, computer software, and service or any part thereof including Intellectual Property Rights (IPR).

7.3.1 Third Party Material

The Bidder shall have ownership or obtain all necessary copy right and other Intellectual Property Right permissions before making any Third Party Material available as Auxiliary Material for the purpose of performance of services under this RFP and resulting contract.

7.3.2 OICL ownership of Intellectual Property Rights in Contract Material

- i. All Intellectual Property Rights in the Contract Material shall vest in OICL;
- ii. To the extent that OICL needs to use any of the Auxiliary Material provided by the Bidder to receive the full benefit of the Services (including the Contract Material), the Bidder grants to, or must obtain for, OICL for the period specified in the Contract Details, a world-wide ,royalty free, non-exclusive license to use, reproduce, adapt, modify and communicate that Auxiliary Material.

7.3.3 Rights in Bidder's Pre-existing IPR

There shall be no assignment or transfer of any Bidder's pre-existing IPRs (including any amendments, modifications or enhancements thereto) pursuant to this Agreement

7.3.4 IPR Warranty

The Bidder will warrant that:

- i. The Warranted Materials and OICL's use of those Warranted Materials, will not infringe the Intellectual Property Rights of any person; and
- ii. It has the necessary rights to vest the Intellectual Property Rights.

7.3.5 Remedy for breach of warranty

If someone claims, or OICL reasonably believes that someone is likely to claim, that all or part of the Warranted Materials infringe their Intellectual Property Rights, the Bidder will, in addition to the indemnity and to any other rights that OICL may have against it, promptly, at the Bidder's expense:

- i. Use its best efforts to secure the rights for OICL to continue to use the affected Warranted Materials free of any claim or liability for infringement; or
- ii. Replace or modify the affected Warranted Materials so that the Warranted Materials or the use of them does not infringe the Intellectual Property Rights of any other person without any degradation of the performance or quality of the affected Warranted Materials.
- iii. The Bidder will indemnify OICL against all third-party claims of infringement of patent, Intellectual Property Rights, IPR, trademark, copy right or industrial design rights arising from use of the Bidder's Solution or any part thereof throughout the Offices of OICL, including but not limited to the legal actions by any third party against OICL.

7.3.6 Patent Rights and other litigation costs

In the event of any claim asserted by a third party of infringement of copyright, patent, trademark or industrial design rights arising from the use of the systems or any parts thereof with relation to the contract deliverables, in OICL's country, the Bidder will act expeditiously to extinguish such claim. If the Bidder fails to comply and OICL is required to pay compensation to a third party resulting from such infringement, the Bidder will be responsible for the compensation including all expenses (court costs and lawyer fees). OICL will give notice to the Bidder of such claim, if it is made, without delay as when received.

7.4 Payment Terms

Payments would be made on achieving the completion milestone as shown below

7.4.1 Application License costs and DB License costs

S. N.	Completion Milestone	Required Documentation	Percentage
1	Delivery of application license, DB and Other software Licenses	Delivery Challan	70%
2	Successful completion of UAT	Documentation, Installation report and ATR	15%
3	Successful completion of Pilot	Documentation, Installation report and ATR	15%

7.4.2 ECM Implementation Cost

S.N.	Completion Milestone (Successful Go Live)	Percentage
1	Successful completion of UAT	25%
2	Successful completion of Pilot	25%
3	Post Pan-India Go-Live	50%

7.4.3 Hardware and Related Software

S.N.	Completion Milestone	Required Documentation	Percentage
1	Delivery of DC-DR Hardware and Scanners at Respective Locations	Delivery Challan	70%
2	Successful Installation, integration and Acceptance of equipment	Installation report and ATR	30%
3	Implementation Cost for Hardware and Related Software	Installation report and ATR	100% post ATR

7.4.4 Training Costs

- i. Training costs for the respective trainings will be paid at the end of the month in which the training is concluded for a particular batch.
- ii. Training cost for every additional batch would be payable monthly at the end of the month for all the batches satisfactorily trained during that month.
- iii. Training cost for any ad hoc training requested by OICL would be payable on successful completion of the training.

7.4.5 Support Cost

25% of the Annual Charges at the end of each quarter with applicable taxes for all AMC/ATS/FMS Charges.

7.4.6 Other payment terms

- i. The successful bidder recognizes that all payments to the bidder under this RFP and subsequent agreement are linked to and dependent on successful achievement and acceptance of milestones / deliverables / activities set out in the project plan and therefore any delay in achievement of such milestones / deliverables / activities shall automatically result in delay of such corresponding payment.
- ii. Prices payable to the successful Bidder will be as per commercial bid format. However taxes will be paid as applicable.
- iii. Escalation of Costs: The bidder will in no circumstance be entitled to any escalation of costs or price of any material / items supplied or services tendered under the contract. The prices will not be subject to variation on any account.
- iv. Octroi incurred until delivery of the contracted services to OICL, if any, will be reimbursed only at actual on production of appropriate receipts within 15 days of such tax payment to the respective authorities by the Bidder.
- v. OICL will deduct taxes from the amounts due and payable to the successful Bidder wherever applicable. OICL will provide the Bidder with the statement of any taxes deducted by OICL on payments under the contract. The Bidder agrees to reimburse and hold OICL harmless from any deficiency including penalties and interest relating to taxes including recovery of any tax retrospectively that are its responsibility under this clause. For purposes of the contract, taxes shall include taxes incurred on transactions between OICL and the Bidder.
- vi. If there is any variation (upwards or downwards) in the tax rates, the benefit or burden arising from such change will be passed on to OICL.
- vii. Payment of delivery shall be done once all the delivery (hardware and software) gets completed and all the required documentation is done.

7.5 Mode of Payment

OICL shall make payments on all undisputed acknowledged invoices submitted in triplicate only through Electronic Payment mechanism (viz. ECS). Bidders should invariably provide the following particulars along with their offers:

- a. Account Number and Type of Bank account (Current / Savings/Cash Credit).

- b. IFSC / NEFT Code (11 digit code) / MICR code, as applicable, along with a cancelled cheque leaf.
- c. Permanent Account Number (PAN) under Income Tax Act;
- d. TIN/Sales Tax Registration Number (for supply of Goods) and Service Tax, Registration Number (for supply of Services), as applicable.
- e. E-mail address of the bidder / authorized official (for receiving the updates on status of payments).

7.6 Currency of Payments

All payments shall be made in Indian Rupees (INR) only.

7.7 Insurance

The insurance shall be for an amount equal to 100 percent of the value of the Products from Warehouse to final destination on "All Risks" basis including War Risks and Strikes, valid for a period not less than one month after installation and commissioning and issue of acceptance certificate by OICL. Should any loss or damage occur, the Supplier shall initiate and pursue claim till settlement and promptly make arrangements for repair and/or replacement of any damaged item irrespective of settlement of claim by the underwriters.

7.8 Change Orders

OICL may at any time, by a written order given to the bidder, make changes within the general scope of the contract in the service to be provided by the bidder.

If any such change causes an increase or decrease in the cost of, or the time required for the bidders performance of any part of the work under the contract, whether changed or not changed by the order, an equitable adjustment shall be made in the contract price or events schedule, or both and the contract shall accordingly be amended. Any claims by the bidder for adjustment under this clause must be asserted within thirty days from the date of the bidder's receipt of OICL's change order.

7.9 Contract Amendment

No variation in or modification of the terms of the contract shall be made except by written amendment signed by the parties.

7.10 Assignment

The bidder shall not assign, in whole or in part, his obligations to perform under the contract, to any other party or persons, except with OICL's prior written consent. The permission, if any, of OICL has to be taken before award of the contract.

7.11 Sub Contract

The bidder shall notify OICL in writing of all subcontracts awarded under the contract if not already specified in his bid. It is clarified that notwithstanding the use of sub-contractors by the Bidder, the Bidder shall be solely responsible for performance of all obligations under the RFP irrespective of the failure or inability of the subcontractor chosen by the Bidder to perform its obligations. The Bidder shall also have the responsibility for payment of all dues and contributions, as applicable including any statutory requirement and compliance. No additional cost will be incurred by OICL on account of sub-contract, if any.

7.12 Delays in the bidder's performance

Hardware delivery, Development and Implementation of the ECM solution as per the requirements specified in the RFP and performance of service shall be made by the bidder in accordance with the time schedule specified and agreed by OICL in the contract.

Any delay by the bidder in the performance of his implementation/service/other obligations will be evaluated by the Steering Committee comprising senior executives of OICL and decide a performance delay on account of bidder which shall render the bidder liable to any or all of the following sanctions:

1. forfeiture of his performance security,
2. imposition of liquidated damages, and/ or
3. termination of the contract for default.

If at any time during performance of the contract, the bidder should encounter conditions impeding timely implementation of the ECM Solution, performance of services, the bidder shall promptly notify OICL in writing of the fact of the delay, its likely duration and its cause(s), before the scheduled delivery / installation / implementation date. OICL shall evaluate the situation after receipt of the bidder's notice and may at their discretion extend the bidder's time for delivery / installation / implementation, in which case the extension shall be ratified by the parties by amendment of the contract. If the bidder's request to delay the implementation of the ECM Solution and performance of services is not found acceptable to OICL, the above mentioned clause would be invoked.

7.13 Liquidated Damages

If the bidder fails to meet the milestones-3 specified in Section 3.8, within the specified timelines, OICL shall without prejudice to its other remedies under the contract, deduct from the contract price, as liquidated damages, a sum equivalent to 0.5% of the contract price for every week (seven days) or part thereof of delay, up to maximum deduction of 10% of the contract price. Once the maximum is reached, OICL may consider termination of the contract. Performance of services shall be within the norms specified in the Service Level Agreement (SLA) forming a part of the contract. In case bidder fails to meet the above standards of maintenance, there will be a penalty as specified in the SLA.

7.14 Termination for Default

OICL may, without prejudice to any other remedy for breach of contract, by 30 calendar days written notice of default sent to the bidder, terminate the contract in whole or in part:

1. If the bidder fails to deliver any or all of the Solution and services within the time period(s) specified in the contract, or any extension thereof granted by OICL; or
2. If the bidder fails to perform any other obligation(s) under the contract

In the event of OICL terminating the contract in whole or in part, pursuant to above mentioned clause, OICL may procure, upon such terms and in such manner, as it deems appropriate, goods and services similar to those undelivered and the bidder shall be liable to OICL for any excess costs incurred for procurement of such similar goods or services. However, the bidder shall continue performance of the contract to the extent not terminated.

7.15 Force Majeure

The bidder shall not be liable for forfeiture of his performance security, liquidated damages or termination for default, if and to the extent that, his delay in performance or other failure to perform his obligations under the contract is the result of an event of Force Majeure.

For purposes of this clause, "Force Majeure" means an event beyond the control of the bidder and not involving the bidder and not involving the bidder's fault or negligence and not foreseeable. Such events

may include, but are not restricted to, acts of OICL either in its sovereign or contractual capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.

If a Force Majeure situation arises, the bidder shall promptly notify OICL in writing of such conditions and the cause thereof. Unless otherwise directed by OICL, the bidder shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.

7.16 Termination for Insolvency

OICL may at any time terminate the contract by giving written notice to the bidder, without compensation to the bidder, if:

- a) The bidder becomes bankrupt or otherwise insolvent, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to OICL.
- b) the bidder being a company is wound up voluntarily or by the order of a court or a receiver, or manager is appointed on behalf of the debenture/shareholders or circumstances occur entitling the court or debenture/shareholders to appoint a receiver or a manager, provided that such termination will not prejudice or affect any right of action or remedy accrued or that might accrue thereafter to the OICL.

7.17 Termination for Convenience

Either party may, by 30 calendar days written notice sent to the other party, terminate the contract, in whole or in part at any time of their convenience. The notice of termination shall specify that termination is for OICL's convenience, the extent to which performance of work under the contract is terminated, and the date upon which such termination becomes effective.

In such termination OICL shall pay to the bidder a mutually agreed amount for partially completed services by the bidder.

7.18 Arbitration

OICL and the bidder shall make every effort to resolve amicably by direct informal negotiation, any disagreement or dispute, arising between them under or in connection with the contract.

If, after thirty (30) days from the commencement of such informal negotiations, OICL and the bidder have been unable to resolve amicably a contract dispute, either party may require that the dispute be referred for resolution to the formal mechanism specified below.

In the case of a dispute or difference arising between OICL and the bidder relating to any matter arising out of or connected with this contract, such dispute or difference shall be referred to the award of two arbitrators, one arbitrator to be nominated by OICL and the other to be nominated by the bidder or in case of the said arbitrators not agreeing, then to the award of an umpire to be appointed by the arbitrators in writing before proceedings to the reference, and in case arbitrators cannot agree to the umpire, he may be nominated by the Arbitration Council of India/ Institution of Engineers, India. The award of the arbitrators, and in the event of their not agreeing, of the umpire appointed by them or by the Arbitration Council of India/ Institution of Engineers, India shall be final and binding on the parties.

The Indian Arbitration and Conciliation Act, 1996, the rules there under and any statutory modification or re-enactments thereof made till the date of signing of contract, shall apply to the arbitration proceedings. The venue of arbitration shall be the place from where the contract is issued i.e. Jurisdiction of Delhi High Court.

7.19 Governing Language

The contract shall be written in the language of the bid, as specified by OICL in the instructions to bidders. All correspondence and other documents pertaining to the contract, which are exchanged by the parties, shall be written in that same language. English Language version of the contract shall govern its implementation.

7.20 Applicable Law

The contract shall be interpreted in accordance with the Indian Laws for the time being enforced and will be subject to the exclusive jurisdiction of Courts at Delhi (with the exclusion of all other Courts)

7.21 Notices

Any notice by one party to the other pursuant to the contract shall be sent in writing or by fax/ e-mail and confirmed in writing to the address specified for that purpose in the contract.

A notice shall be effective when delivered or on the notice's effective date, whichever is later.

7.22 Prices

The prices quoted in this RFP shall be firm throughout the period of contract and shall not be subject to any escalation.

7.23 Deduction

All payments shall be subject to deductions (such as TDS) of any amount, for which the bidder is liable under the agreement against this tender.

7.24 Taxes and Duties

The bidder shall be entirely responsible for all taxes, duties, license fees, and demurrage charges etc., incurred until delivery of the services to OICL. However, Octroi / local levies (if any), in respect of transaction between OICL and bidder, will be reimbursed by OICL, on submission of proof of actual transaction. If there is any increase/decrease in taxes/ duties due to any reason after Notification of Award, the same shall be passed on to OICL.

7.25 No Claim Certificate

The bidder shall not be entitled to make any claim whatsoever against OICL under or by virtue of or arising out of this contract, nor shall OICL entertain or consider any such claim, if made by the bidder after he shall have signed a "No Claim" certificate in favour of OICL in such forms as shall be required by OICL after the works are finally accepted.

7.26 Confidentiality

Bidder understands and agrees that all materials and information marked and identified by OICL as 'Confidential' are valuable assets of OICL and are to be considered OICL's proprietary information and property. Bidder will treat all confidential materials and information provided by OICL with the highest degree of care necessary to insure that unauthorized disclosure does not occur. Bidder will not use or disclose any materials or information provided by OICL without OICL's prior written approval.

Bidder shall not be liable for disclosure or use of any materials or information provided by OICL or developed by Bidder which is:

- a. possessed by Bidder prior to receipt from OICL, other than through prior disclosure by OICL, as documented by Bidder's written records;
- b. published or available to the general public otherwise than through a breach of Confidentiality; or
- c. obtained by Bidder from a third party with a valid right to make such disclosure, provided that said third party is not under a confidentiality obligation to OICL; or
- d. Developed independently by the bidder.

In the event that Bidder is required by judicial or administrative process to disclose any information or materials required to be held confidential hereunder, Bidder shall promptly notify OICL and allow OICL a reasonable time to oppose such process before making disclosure.

Bidder understands and agrees that any use or dissemination of information in violation of this Confidentiality Clause will cause OICL irreparable harm, may leave OICL with no adequate remedy at law and OICL is entitled to seek to injunctive relief.

Nothing herein shall be construed as granting to either party any right or license under any copyrights, inventions, or patents now or hereafter owned or controlled by the other party.

The requirements of use and confidentiality set forth herein shall survive the expiration, termination or cancellation of this tender.

Nothing contained in this contract shall limit the bidder from providing similar services to any third parties or reusing the skills, know-how, and experience gained by the employees in providing the services contemplated under this contract.

7.27 End of Agreement Data Handling

The Bidder agrees that upon termination of this Agreement it shall return all data to OICL in a useable electronic form, and erase, destroy, and render unreadable all data in its entirety in accordance to the prior stated Data Sanitization and Safe Disposal provisions. Data must be rendered in a manner that prevents its physical reconstruction through the use of commonly available file restoration utilities. Certification in writing that these actions have been completed must be provided within 30 days of the termination of this Agreement.

7.28 Tools and Equipment

The bidder shall provide all necessary tools and equipment required for the installation, maintenance and implementation of the supplied equipment, solution & services.

7.29 Supervision

The bidder shall ensure that all activities are carried out under the direct supervision of qualified / certified personnel.

7.30 Rights reserved by OICL

1. Company reserves the right to accept or reject any or all Bids without assigning any reasons.
2. Company reserves the right to verify the validity of information given by the bidders. If at any future point of time, it is found that the bidder had made a statement, which is factually incorrect,

OICL will reserve the right to debar the bidder from bidding prospectively for a period to be decided by OICL and take any other action as maybe deemed necessary.

3. OICL reserves the right to issue a fresh RFP for Supply, Installation, Implementation, Maintenance and Support of ECM Solution at any time during the validity of the contract period with the selected bidder.

7.31 Limitation of Liability

Bidder's cumulative liability for its obligations under the contract shall not exceed the Contract value and the bidder shall not be liable for incidental / consequential or indirect damages including loss of profit or saving.

7.32 Rejection of All Proposals, and re-invitation

OICL will have the right to reject all proposals. However, such rejections should be well considered and normally be in cases where all the bids are either substantially in deviation to the Requirement or because they involve costs substantially higher than the original estimate. If it is decided to re-invite the bids, the terms of reference should be critically reviewed / modified so as to address the reasons of not getting any acceptable bid in the earlier Invitation for Bids.

7.33 Corrupt or fraudulent practice

- a) Bidder shall observe the highest standard of ethics during the procurement and execution of the contract.
- b) OICL shall reject a proposal for award if it comes to the knowledge of OICL that the Bidder is engaged in corrupt or fraudulent practices in competing for the bid.
- c) OICL will declare a Bidder ineligible, either indefinitely or for a stated period of time, to be awarded a contract if it at any time determines that the Bidder was engaged in corrupt or fraudulent practices in competing for this bid, or in executing the contract.

7.34 Arithmetical Errors

The Arithmetical errors will be rectified on the following basis. If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected. If there is a discrepancy between words and figures, the amount in words shall prevail. If the bidder does not accept the correction of errors, its bid will be rejected and its EMD may be forfeited.

7.35 Repeat Order

OICL may place the repeat order for a quantity upto 50% of the original order quantity within six months of placing the original order.

8 Disclaimer

This RFP is neither an agreement nor an offer by OICL to the prospective Bidders or any other person. The purpose of this RFP is to provide interested parties with information that may be useful to them in preparing their proposal pursuant to this RFP (the "Bid"). The information contained in this RFP may not be complete, accurate, adequate or correct. Each Bidder should, therefore, conduct its own investigations and analysis and should check the accuracy, adequacy, correctness, reliability and completeness of the assumptions, assessments, statements and information contained in this RFP and obtain independent advice from appropriate sources.

OICL accepts no responsibility for the accuracy or otherwise for any interpretation or opinion on law expressed herein. OICL also accepts no liability of any nature whether resulting from negligence or otherwise howsoever caused arising from reliance of any Bidder upon the statements contained in this RFP.

OICL may in its absolute discretion, but without being under any obligation to do so, update, amend or supplement the information, assessment or assumptions contained in this RFP.

The issue of this RFP does not imply that OICL is bound to select a Bidder or to appoint the Selected Bidder or Developer, as the case may be, for the Project and the Authority reserves the right to reject all or any of the Bidders or Bids without assigning any reason whatsoever.

The Bidder shall bear all its costs associated with or relating to the preparation and submission of its Bid including but not limited to preparation, copying, postage, delivery fees, expenses associated with any demonstrations or presentations which may be required by OICL or any other costs incurred in connection with or relating to its Bid. All such costs and expenses will remain with the Bidder and OICL shall not be liable in any manner whatsoever for the same or for any other costs or other expenses incurred by a Bidder in preparation or submission of the Bid, regardless of the conduct or outcome of the Bidding Process.

9 Appendix

This Page is
Intentionally
Left blank

9.1 Appendix 1: Bill of Material

The vendor is expected to quote the costs for all items required for fully complying with the requirements of the RFP in the respective sections of the price bid. The prices for the respective sections would be deemed to include all components required to successfully utilise the solution.

Total Cost of Ownership			
S.N.	Item	Table Reference	Total Cost
1	Application Licence	Table A	
2	Application Support	Table B	
3	Hardware and Related Software	Table C	
4	ECM Application Implementation & Customization	Table D	
5	Hardware and Related Software Implementation	Table E	
6	Training	Table F	
7	AMC and Helpdesk	Table G	
8	Additional Customization	Table H	
Grand Total			

Grand Total in Words – (Rupees.....)

Note:

1. The total cost should flow from the individual tables within this Annexure.
2. Bidder should strictly follow the format given in Table.
3. The Bidder is responsible for all the arithmetic computation & price flows. OICL is not responsible for any errors.
4. OICL reserves the right to change the quantity of items quoted above at the time of placing order. In such case the value of the order will be the cost of items finally opted by OICL.
5. The bidder shall submit the softcopy of final commercial sheet in **MS Excel**.

Table A: Application Licence (Including all Taxes)

Description	Type - Enterprise / User	Name & Version of the licenses	Qty	Total Product License cost with 1 Year Warranty (Including all Taxes)

Table H: Additional Customization (Excluding all taxes)

Description	Per Manday Rate	Units in Mandays	Total Price
Additional Requirements if any at a later date		100*	
Total			

* The units given are just indicative for the purpose of evaluation. The man day effort would be mutually agreed between OICL and successful bidder for requirements over and above the implementation & customization. The same rate will be used for additional customisations for the tenure of the contract.

9.2 Appendix 2: Submission Checklist

A. Pre-qualification Bid

S.N.	Description	Supporting Document	Compliance
1	Compliance to Eligibility Criteria along with Required Supporting Documents	RFP Section 1.5	
2	The corporate profile of the bidder	Appendix 7	
3	Manufacturer Authorization Form duly signed by the authorized signatory of the OEM of each quoted solution: a. ECM b. Database c. DC-DR Hardware d. Scanners e. Any other component (If Proposed)	Appendix 8 / 9	
4	Power-of-attorney granting the person signing the bid the right to bind the bidder as the 'Constituted attorney of OICL'.	Power of Attorney	
5	The bid security of Rupees One Crore (Rs. 1,00,00,000) in the form of a bank guarantee issued by a Nationalized / Scheduled Bank, and should be valid for 45 days beyond the validity of the bid. Bid validity should be 180 days.	Appendix 6	
6	Payment for the RFP document, amount Rs.5000	Demand Draft in favour of 'The Oriental Insurance Company Limited' payable at New Delhi.	
7	Statement of No-Deviation	Appendix 10	
8	Undertaking that the Bidder has quoted for all items and the bid validity will be for 180 days from the date of submission of commercial bid.	Bidder Letter Head	
9	Duly updated checklist compliance	Updated Appendix 2 - Submission Checklist	

B. Technical Bid

S. N.	Description	Supporting Document	Compliance
1	Technical Bid – Cover Page	Annexure 6	
2	Functional Compliance for ECM	Annexure 1	
3	Technical Compliance for ECM	Annexure 2	
4	Technical Compliance for Scanners	Annexure 3	
5	Hardware Sizing	Annexure 4	
6	Personnel Deployment a. Bidder Resources b. OEM Resources (in OEM Letter-head)	Annexure 5	
7	Technical write up on Methodology	Duly filled Technical Response	
8	Bidder to provide the MASKED document of the commercial bid details. <u>The Bidder should put 'xxx' to denote the cells where they have input a financial value in the unmasked copy.</u> Please note that prices should not be indicated in the technical bid. Any bid in which prices are indicated in the technical bid will be disqualified	Appendix 1 – Bill of Material (To be masked by the bidder)	
9	Technical Bill of Material with Part Codes		
10	Product Brochures		

9.3 Appendix 3: List of Interfaces & Process Diagrams post ECM Implementation

9.3.1 Appendix 3A: List of Interfaces

List of Internal interfaces required

1. INLIAS – Core system used by OICL
2. OICL Internet Portal

9.3.2 Appendix 3B: Process Diagram Post ECM Implementation

1. Claims process

ECM solution for claims process should have following key activities and related considerations are also mentioned below:

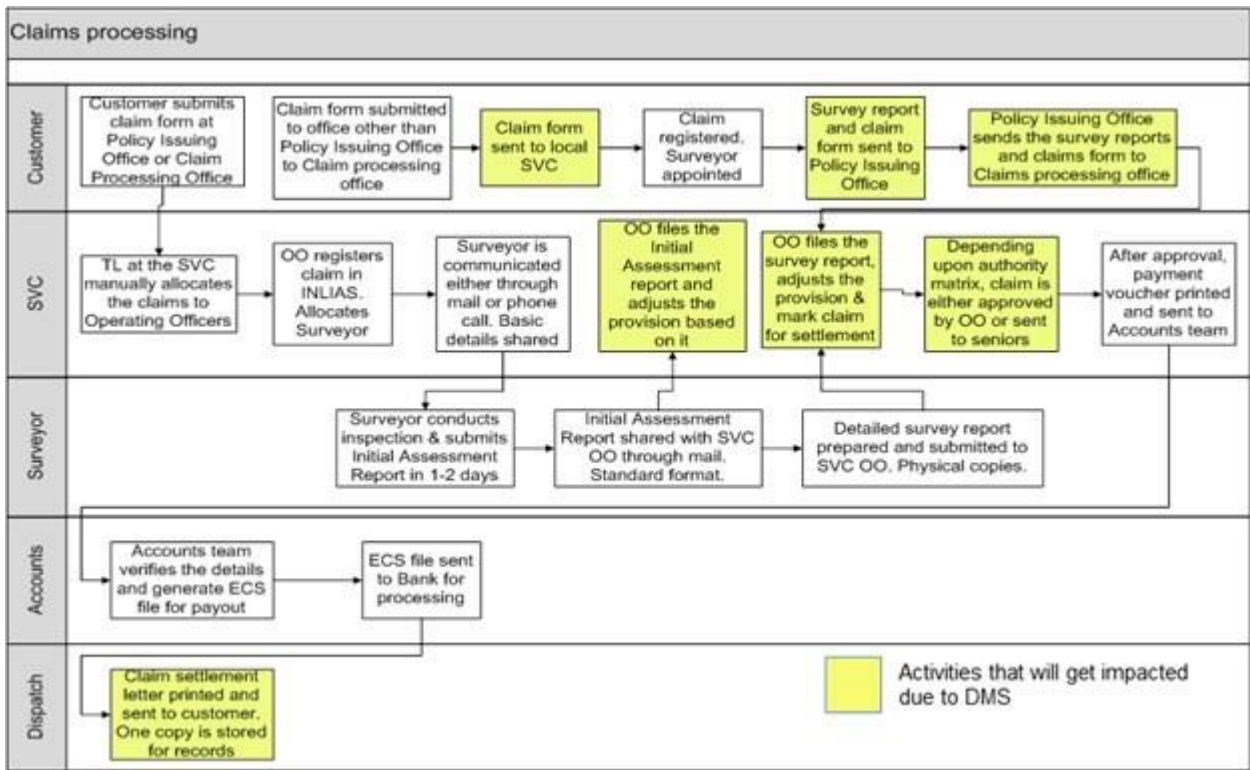

Step	Current Activity	Activity Change post ECM
Scenario 1: Claim is reported in the same city as Policy issuing office		
1	Claim intimation can be made through various channels:	In case a person submits a written intimation (email or fax or hand written note), the same would be scanned and tagged to the claim when registered.
	Portal Call	
	In-person (at Operating Office or SVC)	
2	Document Submission Process (claim form and supporting documents)	
2.1	Customer submits claim form and supporting documents at Policy Issuance Office associated with SVC	
2.1.1	Verify document against original and sign the photocopy	None
2.1.2	New activity	Scan the documents and index it. Upload the documents in ECM centralized server
2.1.3	New activity	Verify the uploaded scanned images against the hard copy and approve the scanned version in ECM. This step is necessary to verify that the correct documents are scanned and they are correctly indexed.
2.2	The Customer submits claim a form and supporting documents at SVC	
2.2.1	Verify document against original and sign the photocopy	None
2.2.2	New activity	Scan the documents and index it. Upload the documents in the ECM centralized server
2.2.3	New activity	Verify the uploaded scanned images against the hard copy and approve the scanned version in ECM. This step is necessary to verify that the correct documents are scanned and they are correctly indexed.

Step	Current Activity	Activity Change post ECM
3	Team Leader / Claims supervisor at SVC allocates the claims to Operating Officers	The document workflow would assist in assigning and management of claims.
4	Operating Officer registers claims in INLIAS and allocate initial reserve for claims	Claims registered basis approved scanned copies of related documents available in ECM instead of physical documents.
		Tagging of documents to claim transaction is to be done by Operating Officer.
5	Surveyor is allocated and communicated through mail or phone with basic details	None
6	Surveyor conducts inspection and submits initial assessment report	Report to be uploaded on the ECM solution
6.1	Surveyor either sends the initial assessment report through soft copy via email followed by hard copy or sends hard copy directly	Soft copy to be stored in ECM and tagged to the claim transaction.
6.2	After receiving the hard copy of initial assessment report from surveyor, operating officer updated reserve provision. Hard copy is filed into the Claims file.	Initial Assessment report needs to be scanned and uploaded into ECM. Operating officer updates the reserve provision looking at the scanned image of surveyor report.
7	Surveyor prepares detail survey report and share it with Operating Officer	Same as Step 6
7.1	Surveyor either sends the final report through soft copy via email followed by hard copy or sends hard copy directly	Soft copy to be stored in ECM and tagged to the claim transaction.
7.2	After receiving the hard copy of the final report from surveyor, operating officer updates the reserve provision and initiates claim settlement process. Hard copy is filed into the Claims file.	Final surveyor report needs to be scanned and uploaded into ECM. Operating officer looks at scanned images of surveyor report to process the claim further.
8	Other optional activities	
8.1	In case some document is required by customer, he/ she should be intimated by Operating Officer through phone and mail (email or by post)	None
8.1.1	In case documents required are such that original copy is not required for verification, customer can send soft copy through mail	Soft copy of the document to be tagged to claim by Operating Officer
8.1.2	In case hard copy is submitted by customer, he should submit it at any office or SVC as he submitted initial form and related documents	Same step to follow as step 2
		Tagging of documents to claim transaction is to be done by Operating Officer.
8.2	In case any report or documents are to be collected from other parties like garage or dealer or investigator are involved, similar process to be followed as with surveyor	Same as Step 6
		Tagging of documents to claim transaction is to be done by Operating Officer.
9	Operating Officer adjusts the provision based on final report	Scanned image of report is used for this revision
10	Depending on authority matrix, claim is sent for approval from higher authority	Higher authority looks at scanned copies of relevant documents that are tagged to claim transaction in INLIAS for claim approval

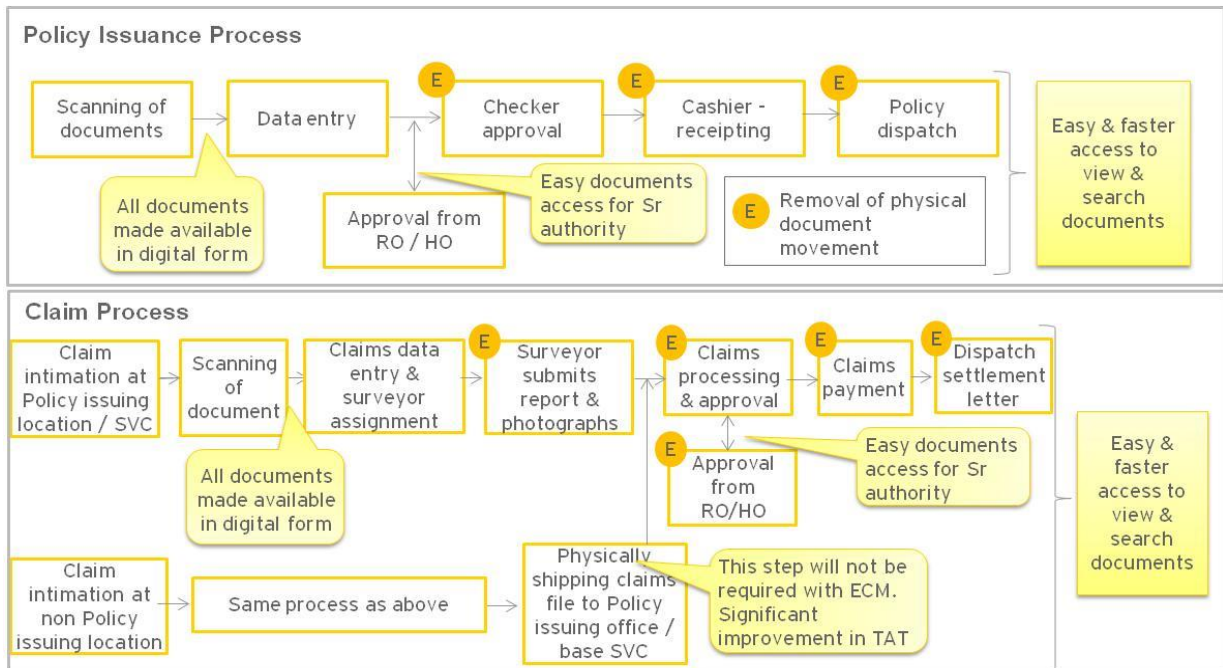

Step	Current Activity	Activity Change post ECM
11	Post final check, the claim is finally approved	This step is introduced as final approval and payment should not be processed before hard copy of surveyor report/ investigation report is received. Once hard copy is received, activities as outlined in step 2 are repeated, final approval is done and voucher is printed. Hard copy of report and voucher is filed
12	After claim is approved, the claim payment voucher is sent to Accounts team. Accounts team verifies the voucher and payment details.	All verification done on the basis of soft copies of voucher and other related documents
13	ECS file is generated and sent to bank. Copy of ECS file is also put in the Claim file for records.	ECS file to be stored in ECM and tagged to the claim
14	Claim settlement letter printed and dispatched. A copy stored for records.	Claim settlement letter to be scanned and stored in ECM instead of storing the hard copy for records
	This is not a system generated letter. Operating officer prepares the letter and takes print.	
Scenario 2: Claim is reported in different city than policy issuance office		
15	Generally an RO or a specific office in every city is designated to accept claim documents in such cases	None
15.1	Officer at these offices verify document against original and sign the photocopy	None
15.2	The documents are sent to the SVC in case the document collecting office is associated to any SVC, else it registers the claim and appoints surveyor	Instead of sending the physical copies to SVC, the documents will be scanned and uploaded into ECM. SVC can directly access the documents through ECM.
15.3	The SVC registers the claim and appoints surveyor	None
15.4	After receipt of the final survey report, the complete claim file is sent to Policy Issuance office	Scan the survey report and index it. Upload the scanned report in ECM centralized server. Policy issuance office can get access to documents instantly.
15.5	The Policy issuance office receives the claim file	
15.6	In case the policy issuance office is associated with SVC, the claim file is sent to SVC for claim approval and settlement	Step is not required as scanned copies are already available in ECM which SVC can access
15.7	In case the policy issuance office is not associated with any SVC, the claim is approved and settled by the Policy issuance office itself	Same process steps as 9 to 15

The impact of ECM implementation on claims process is also illustrated through the diagram below.

Process Diagram – Claims

Benefits realized:

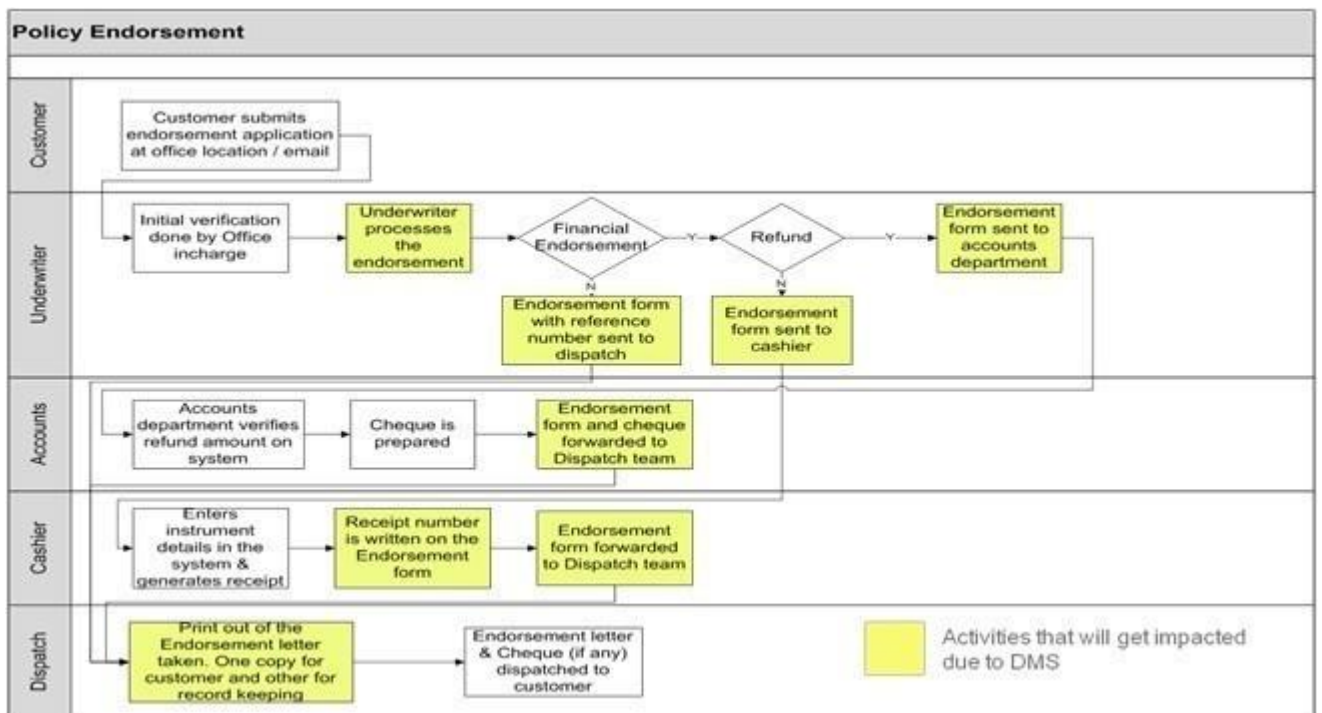

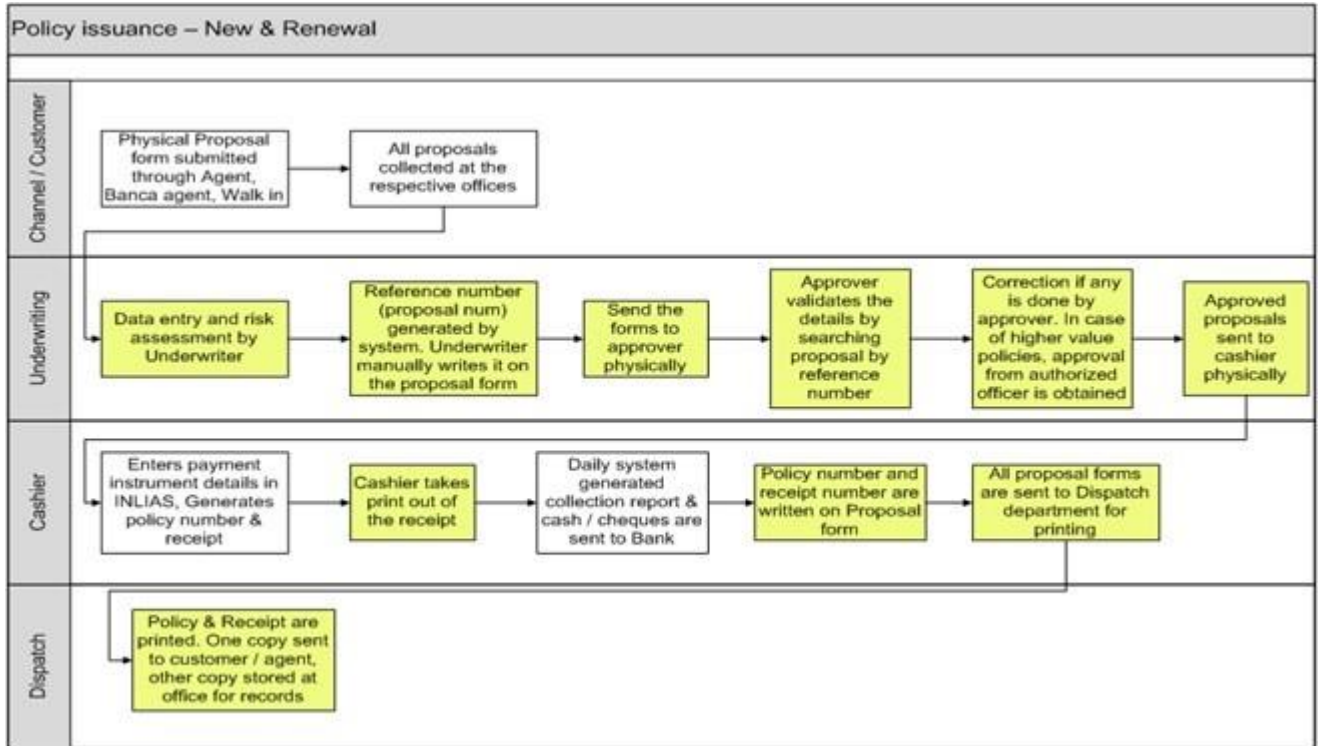

2. Underwriting Process

The following steps describe the end-state for ECM solution as a part of underwriting process. In the end state scenario, ECM solution should be used for underwriting/ renewal/ endorsement processes in following manner:

Step	Current Activity	Activity Change post ECM
1	Customer submits intention to purchase a policy through any channel (agent/ broker/ bank assurance / walk-in/ Portal) through an application or proposal form	None
2	Operating office receives and accepts the application/ proposal form and any supporting document if required	None
2.1	New activity	Scan the documents and index it. Upload the documents in ECM centralized server
2.2	New activity	Verify the uploaded scanned images against the hard copy and approve the scanned version in ECM. This step is necessary to verify that the correct documents are scanned and they are correctly indexed.
2.3	New activity	Send the hard copy for filing
3	Data entry is done and risk is assessed once proposal form / application is received	Data entry is done basis the scanned copy available in ECM.
4	Reference number generated by system is written on the proposal form/ application and sent to the approver (checker)	Tagging of document to transaction to be done by underwriter. Reference number should be either used for tagging or written as a comment (annotation) on the scanned copy in ECM. Once tagging is done with reference number, document is ready to be viewed by the approver (checker).
5	Checker receives the proposal form and checks the risk and other details in the system (INLIAS) against the reference number. If required, makes modifications in INLIAS.	Checker will perform the risk and other detail checks basis the scanned copy of the proposal form present with the reference number and maker's comment if any in ECM
5.1	In case approval is required from higher authorities, it is taken over mail or phone and hard copies of related documents are sometimes sent to their offices	In the scenarios where senior authority needs to view the support documents, they will do so by accessing scanned images through ECM. Approval may be done basis these scanned images. Email approval or document will be attached with the transaction. Basic workflow would be required for this activity.
6	Cashier writes policy number and receipt number on proposal form and sends the file to the dispatch team	Instead of writing policy number and receipt number on the proposal form, Cashier can either manually enter these numbers in the comment section of the scanned images or Policy number generated in the system and receipt number generated in INLIAS can automatically be used to tag the proposal form. Basic workflow would be required for this activity.

Step	Current Activity	Activity Change post ECM
7	Dispatch team takes a copy of policy schedule, receipt and sends it to customer through post	No change
8	File a copy of the proposal form for records	This step will not be required as copy of proposal form is already available in ECM..

Process Diagram – Underwriting & Endorsements

9.4 Appendix 4: Business Volumes

Number of OICL offices (as on 31 March 2016)

Office	Number
Head Office	1
Regional Office	31
Divisional Office	350
Branch Office	500
Extension Counters	843
SVC (Claims Hub)	28
TP Hub	28
OSTC	2

Expected Document Volume Core business Functions (in pages)

Business Function	Year 1	Year 2	Year 3	Year 4	Year 5	Total
Underwriting	24,93,21,700	27,42,53,900	30,16,79,300	33,18,47,200	36,50,31,900	1,52,21,34,000
Claims	14,84,63,200	16,33,09,500	17,96,40,500	19,76,04,600	21,73,65,100	90,63,82,900
Total	39,77,84,900	43,75,63,400	48,13,19,800	52,94,51,800	58,23,97,000	2,42,85,16,900

Expected Document volumes support functions (in pages)

Business Function	Year 1 Docs	Year2 Docs	Year 3 Docs	Year4 Docs	Year5 Docs	Total Docs
Accounts	4,81,33,800	5,29,47,180	5,82,41,898	6,40,66,088	7,04,72,697	29,38,61,662
Marketing	10,000	11,000	12,100	13,310	14,641	61,051
Estate & Est.	89,48,561	98,43,417	1,08,27,759	1,19,10,535	1,31,01,588	5,46,31,860

Training	11,000	12,100	13,310	14,641	16,105	67,156
Sub total	7,16,20,861	6,69,70,727	7,34,04,687	8,04,82,633	8,82,68,033	38,07,46,940

Expected number of Photos for Claims

	Year 1	Year 2	Year 3	Year 4	Year 5
No of photos for claims	4,62,61,700	5,08,87,900	5,59,76,700	6,15,74,400	6,77,31,800

Expected number of ECM users

Ref No: OICL/HO/ITD/ECM/2016/01 dated 5th August 2016

I. Users/Transactions from Portal:

Documents uploaded on portal will have to be eventually archived in the ECM solution. These documents will have to be viewed from the portal

	Current Year	Year 1	Year 2	Year 3	Year 4	Year 5
Number of transactions per day(hits)	44,000	50,600	58190	66.919	76,956	88,500
Total number of registered users	3,00,000	3,45,000	3,96,750	4,56,263	5,24,702	6,03,407
Number of policies sold through portal	2,70,000	3,10,500	3,57,075	4,10,636	4,72,232	543066

II. Office Users

Office Category	Number of offices	Number of users Underwriting in each office	Total users Underwriting	Number of users handling Claims in each office	Total users handling Claims	Expected number of users Supporting functions in each office	Total users for Support functions	Total
Branch Office	500	2	1000	2	1000	2	1000	3000
Divisional Office	350	4	1400	4	1400	3	1050	3850
Extension Counter	843	1	843	0	0	0	0	843
SVC	28	0	0	10	280	0	0	280
Regional Office	30	5	150	5	150	21	630	930
Head Office	1	15	15	21	21	350	350	386
Call Centre	1	0	0	0	0	10	10	10
TP Hub	28	0	0	15	420	0	0	420
Future Requirements	-	-	300					300
Total			3708		3271		3040	10019

Please Note: Peak time user-concurrency for upload of documents through INLIAS is 2500 and through portal is 2500. Whereas, peak-time concurrency for view/download of documents from INLIAS is 2500 and from portal is 5000.

List of Documents by Business/ Department

A. Motor Department:

- i. For Underwriting/ Endorsement (Third Party (TP) and Own Damage (OD) – Liability Only Policy & Package Policy):

S.N.	List Of Documents/ Content	Doc Type	Volume
1	Registration Certificate	Hard Copy	1 page/ Policy
2	No Claim Bonus	Hard Copy	1 Page/ policy
3	Pre-Inspection Report + Photographs	Hard Copy	15% of motor policy with 35 pages and 10 photographs each
4	Invoice	Hard Copy	1 page/ Policy
5	Request letter for endorsements	Hard Copy	1 page/ endorsement (4% of motor policy up for endorsements)
6	KYC Documents	Hard Copy	3 pages/ policy requiring KYC

- ii. For Claims (OD):

S.N.	List Of Documents/ Content	Doc Type	Volume
1	Claim Intimation	Hard Copy/ Mail	1 page/ Claim
2	Claim form	Hard Copy	6 pages/ Claim
3	Estimates	Hard Copy	10 Pages/ Claim
4	Registration Certificate	Hard Copy	1 page/ Claim
5	Driving Licence	Hard Copy	1 page/ Claim
6	Permit	Hard Copy	1 Page/ Claim
7	Fitness	Hard Copy	1 Page/ Claim
8	Load Challan	Hard Copy	1 Page/ Claim
9	Road Tax	Hard Copy	1 Page/ Claim
10	FIR	Hard Copy	3 pages/ Claim
11	FR In case of Theft	Hard Copy	4 pages/ Claim
12	NCRB	Hard Copy	2 pages/ Claim
13	Court Attested FR and FIR	Hard Copy	7 pages/ Claim
14	Spot Survey Report	Hard Copy	5 pages/ Claim
15	Surveyor Initial Report (Status report)	Hard Copy/ Soft Copy	4 pages + 10-15 Photographs / Claim
16	Assessment Report	Hard Copy	10 pages + 30-40 Photographs / Claim
17	Re-inspection Report for Major losses	Hard Copy	3 pages + 8-10 Photographs / Claim
18	Bill Check Scrutiny	Hard Copy	1-3 pages/ Claim
19	Underwriting Docket	Hard Copy	10 Pages/ Claim
20	64 VB Compliance	Hard Copy	1 Page/ Claim
21	Bill Check Report	Hard Copy	1-3 Pages/ Claim
22	Investigation Report	Hard Copy/ Soft Copy	10 Pages/ Claim
23	Verification Report	Hard Copy/ Soft Copy	10 Pages/ Claim

S.N.	List Of Documents/ Content	Doc Type	Volume
24	Scrutiny Sheet	Hard Copy	3-8 Pages/ Claim
25	Cancelled Cheque	Hard Copy	1 Page/ Claim
26	Discharge Voucher	Hard Copy	1 Page/ Claim
27	KYC	Hard Copy	5 Pages/ Claim
28	Other Documents	Hard Copy	20 Pages/ Claim
29	Letter of Subrogation	Hard Copy	3 Pages/ Claim
30	Indemnity bond	Hard Copy	3 Pages/ Claim
31	Salvage Disposal	Hard Copy	3 Pages/ Claim
32	Power of Attorney	Hard Copy	3 Pages/ Claim
32	Appointment Letter of Surveyor and Investigator	Hard Copy	3 Pages/ Claim

iii. For Claims (TP):

S.N.	List Of Documents/ Content	Doc Type	Volume
1	Claim Intimation	Hard Copy/ Mail	1 page/ Claim
2	Claim form	Hard Copy	6 pages/ Claim
3	RC	Hard Copy	1 page/ Claim
4	DL	Hard Copy	1 page/ Claim
5	Permit	Hard Copy	1 Page/ Claim
6	Fitness	Hard Copy	1 Page/ Claim
7	FIR	Hard Copy	3 pages/ Claim
8	Spot Survey Report	Hard Copy	5 pages/ Claim
9	Surveyor Initial Report (Status report)	Hard Copy/ Soft Copy	4 pages + 10-15 Photographs / Claim
10	Assessment Report	Hard Copy	10 pages + 30-40 Photographs / Claim
11	Underwriting Docket	Hard Copy	10 Pages/ Claim
12	64 VB Compliance	Hard Copy	1 Page/ Claim
13	Investigation Report	Hard Copy/ Soft Copy	10 Pages/ Claim
14	Verification Report	Hard Copy/ Soft Copy	10 Pages/ Claim
15	Scrutiny Sheet	Hard Copy	3-8 Pages/ Claim
16	KYC	Hard Copy	5 Pages/ Claim
17	Other Documents	Hard Copy	20 Pages/ Claim
18	Appointment Letter of Surveyor and Investigator	Hard Copy	3 Pages/ Claim
19	Summons	Hard Copy	4 Pages/ Claim
20	Plaints	Hard Copy	4 Pages/ Claim
21	Written Statement	Hard Copy	5 Pages/ Claim
22	Charge sheet	Hard Copy	3 Pages/ Claim
23	Sketch	Hard Copy	1 Page/ Claim
24	Statement of Driver	Hard Copy	2 Pages/ Claim
25	MLC/ Post Mortem Report	Hard Copy	1 Page/ Claim

S.N.	List Of Documents/ Content	Doc Type	Volume
26	Treatment Papers	Hard Copy	10 Pages/ Claim
27	Age proof	Hard Copy	1 Page/ Claim
28	Income Proof	Hard Copy	1 Page/ Claim
29	IT return	Hard Copy	3 Pages/ Claim
30	Judgement of MACT	Hard Copy	30 Pages/ Claim
31	Statement of Witness	Hard Copy	10 Pages/ Claim
32	Copy of appeal memo to HC	Hard Copy	15 Pages/ Claim
33	Reply to Appeal	Hard Copy	10 Pages/ Claim
34	Copy Of HC Judgement	Hard Copy	5 Pages/ Claim
35	Apply Memo to SC	Hard Copy	20 Pages/ Claim
36	Reply to appeal to SC	Hard Copy	20 Pages/ Claim
37	Supreme Court Judgement	Hard Copy	5 Pages/ Claim
38	Opinion of MACT Advocate	Hard Copy	3 Pages/ Claim
39	Opinion of HC Advocate	Hard Copy	3 Pages/ Claim
40	Opinion of SC Advocate	Hard Copy	3 Pages/ Claim

B. Fire & Engg Department:

i. Underwriting/ Endorsements -

S.N.	List Of Documents/ Content	Doc Type	Volume
1	Pre-defined Proposal	Hard Copy	4 pages/ Policy
2	Cover note	Hard Copy	1 Page/ policy (selected cases)
3	Policy	Soft Copy	2 pages of schedule and 3-4 pages of Terms and Conditions / Policy

10	Claims approval	Hard Copy/ Soft Copy	
11	Vouchers	Hard Copy	

C. Marine and Aviation Department:

i. Underwriting/ Endorsements -

S.N.	List Of Documents/ Content	Doc Type	Volume
1	Policy	Soft Copy	2 pages of schedule and 2-4 pages of Terms and Conditions / Policy
2	Endorsement Request	Hard Copy/ Soft Copy	2 pages/ Policy
3	Broker Slip	Hard Copy	4-6 pages/ Policy
4	Declaration	Hard Copy	12 pages/ Policy
5	Certificates	Hard Copy	15-20 pages/ Policy

ii. Claims

S.N.	List Of Documents/ Content	Doc Type	Volume
1	Claim Intimation	Hard Copy/ Soft Copy	500-550 pages/ Claim
2	Policy Copy	Soft Copy	
3	Debit note in case of reinsurance	Hard Copy	
4	Surveyor Report	Hard Copy	
5	Closing particular for reinsurance	Hard Copy	
6	Debit advice to reinsurer	Hard Copy	

D. Health Department:

i. Underwriting/ Endorsements -

S.N.	List Of Documents/ Content	Doc Type	Volume
1	Proposal form	Hard Copy	2 pages/ Policy
2	Medical Documents	Hard Copy	5 pages each for 15% of policy
3	Cover Note	Hard Copy	1 page/ Policy
4	Premium Receipt	Soft Copy	1 Page/ Policy
5	Policy	Hard Copy	2 pages of Policy Schedule and 10-15 pages of Terms and Conditions/ Policy

ii. Claims

S.N.	List Of Documents/ Content	Doc Type	Volume
1	Claim Intimation	Soft Copy	1 page/ Claim
2	TDS Challan Copy from TPA	Hard Copy	1 page/ Claim
3	Reconciliation Report	Hard Copy	1 page/ Claim
4	Claim form (Non-TPA)	Hard Copy	2 pages/ Claim for 10% of Claim
5	Other attachment like medical bills etc (Non-TPA)	Hard Copy	30-50 pages/ Claim for 10% of Claim
6	Cancelled Cheque for NEFT Transfer (Non-TPA)	Hard Copy	1 page/ Claim for 10% of Claim

E. Miscellaneous Department:

i. Underwriting/ Endorsements

S.N.	List Of Documents/ Content	Doc Type	Volume
1	Proposal form	Hard Copy	15 Pages/ Policy
2	Referral Form	Hard Copy	
3	RFQ of the broker	Hard Copy	
4	NCB	Hard Copy	

ii. Claims

S.N.	List Of Documents/ Content	Doc Type	Volume
1	Claim Intimation	Hard Copy/ Soft Copy	200-500 pages/ Claim
2	Other documents	Hard Copy	

F. Accounts Department:

S.N.	List Of Documents/ Content	Doc Type	Volume
1	Statement of accounts	Hard Copy/ Soft Copy	50 Documents / Month with 10 pages per document
2	Vouchers	Hard Copy	5 pages/ Voucher; 25000 vouchers at each HO, RO and DO
3	Taxes, returns and Investment documents	Hard Copy	2000 pages/ Yr

G. HR Department:

S.N.	List Of Documents/ Content	Doc Type	Volume
1	Documents in Personnel File	Hard Copy	20-700 pages/ Employee ; 15600 + Employees; 550 files maintained at HO; Rest maintained at RO
2	Medicclaim Documents	Hard Copy	50-200 pages/ Employee (70% employee putting in medicclaim)
3	Promotion	Hard Copy	8250-9000 Pages/ yr (for all 3 cycles)
4	Recruitment	Hard Copy	22500 – 28500 Pages/ Yr (for 2 recruitment exercises in a year)
5	Transfer	Hard Copy	70-100 Documents/ yr

S.N.	List Of Documents/ Content relevant for HRMS	Doc Type
1	Request for Transfer	Hard Copy/ Soft Copy
2	Certifications	Hard Copy
3	Performance Sheet/ confidential report	Hard Copy
4	Appraisal Sheet	Hard Copy
5	Disciplinary Documents	Hard Copy
6	Industry Relation Documents	Hard Copy
7	Recruitment Documents	Hard Copy
8	Exit Documents	Hard Copy
9	Loan Documents	Hard Copy
10	TA Bills and Invoices	Hard Copy
11	Estate and establishment Contracts	Hard Copy
12	Medical Documents	Hard Copy
13	Leave Notice and medical certificated	Hard Copy
14	NoC for employment post retirement	Hard Copy
15	Claims Documents for personal accident covers	Hard Copy
16	Training documents	Hard Copy
17	Welfare society documents like loan, award documents etc.	Hard Copy
18	Documents for Vigilance	Hard Copy

These documents which are related to HRMS have already formed a part of either HR functions, Training functions, Accounts or Claims. The document list provided above is indicative of the kind of documents which will be considered for integration of ECM with HRMS.

H. Reinsurance Department

S.N.	List Of Documents/ Content	Doc Type	Volume
1	Outward Business- Programme Document	Hard Copy	25 pages
2	Outward Business- Contract Document	Hard Copy	1250 Contracts/ Yr with 50-60 pages each ,
3	Outward Business- Information Package	Soft Copy	20-30 Pages per document; 10 Information package per contract
4	Outward Business- Mail communication regarding contract	Soft Copy	50 per contract
5	Inward Business- Contracts	Hard Copy	500 Contracts with 100-150 pages each
6	Inward Business – Claims Documents	Hard Copy	100 Claims files with 100-150 Pages each

I. CSD Department

S.N.	List Of Documents/ Content	Doc Type	Volume
1	Intimation of Grievance	Soft Copy	1-2 pages/ grievance ;

J. Investment Department

S.N.	List Of Documents/ Content	Doc Type	Volume
1	Approval Note	Hard Copy	24 pages/ Week
2	NPA/ Loan Portfolio documents	Hard Copy	400 pages for 90% of files or for 250 files. 100 pages for rest 10% of files
3	Counterfoils of interest advice	Soft Copy	1600 pages/ Month
4	Notes/ Memos/ quotes	Hard Copy	

K. Estate & Establishment Department

S.N.	List Of Documents/ Content	Doc Type	Volume
1	Property Documents	Hard Copy	1380000 pages/ yr (1500 pages/ office and 20 pages / Property (1500 properties))
2	Vehicular Documents	Hard Copy	620,000 documents/ Yr
3	AMC and Maintenance Documents	Hard Copy	2000-3000 pages/ Office in a yr
4	Guest House documents	Hard Copy	2000 pages/ Guest House; 200 Guest Houses
5	Purchase Documents	Hard Copy	5000 Pages/ Office

9.6 Appendix 6: Pro forma for Bid Security

To

The Deputy General Manager
Information Technology Department
The Oriental Insurance Company Limited
2nd Floor, Oriental House
A-25/27, Asaf Ali Road
New Delhi – 110 002

Subject: Guarantee Number _____ for _____ (Amount). Bid Security for
Tender No. OICL/HO/ITD/ECM/2016/01 dated 5th August 2016

Whereas _____ (hereinafter called 'the Bidder') has
submitted its bid dated _____ for the _____.
(hereinafter called "the Bid").

KNOW ALL MEN by these presents that WE _____ having our registered office at
_____ (hereinafter called "the Bank") are bound unto The Oriental
Insurance Company Limited (hereinafter called "the Purchaser") in the sum of Rupees
_____ for which payment well and truly to be made to the said Purchaser, the
Bank binds itself, its successors and assigns by these presents. Sealed with the Common Seal of the said
Bank this _____ day of _____ 2016.

THE CONDITIONS of this obligation are:

If the Bidder withdraws his bid during the period of bid validity specified by the bidder in the bid;

or

If the Bidder, having been notified of the acceptance of its bid by the Purchaser during the period of bid
validity

i. fails or refuses to execute the Contract Form, if required; or

ii. fails or refuses to furnish the Performance Security, in accordance with the instructions to Bidder.

We undertake to pay to the Purchaser up to the above amount upon receipt of its first written demand,
without the Purchaser having to substantiate its demand, provided that in its demand the Purchaser will
note that the amount claimed by it is due to it owing to the occurrence of one or both of the two conditions,
specifying the occurred condition or conditions.

This guarantee will remain in force up to and including 45 days after the period of bid validity, and any
demand in respect thereof should reach the Bank not later than the above date.

(Authorized Signatory of the Bank)

10 Annexures

This Page is
Intentionally
Left blank

10.1 Annexure 1: Functional Compliance for ECM

10.1.1 Instructions of Filling up of Annexure 1

1. "Sr. No." - Serial Number of the Requirement Provided by OICL. The vendor must not change any information in this column.
2. "Particulars" - The detailed Requirement. The vendor must not change any information in this column.
3. Requirement Classification (RC) – OICL has classified each of the requirements as follows:

Ratings	RC	Description
1	Desired	The requirement is necessary for efficient functioning
2	Mandatory	The requirement must be satisfied in its entirety

The vendor must not change any information in this column.

4. "VS" - Vendor Scores – The vendor would be required to provide an appropriate score to each requirement requested for as per the following Table:

VS	Description
0	Not Available
3	Available as out of the box
2	Customizable before commencement of UAT
1	Available by third party integration

5. "VC" - Vendor Comments - The vendor is free to provide any Comments he wishes. The vendor is advised to furnish all additional information that will assist OICL in getting a better understanding of the proposed solution.
6. "TL" - Team Leader - For all the requirements where the vendor provides a score of "0", "1" or "2", the vendor also needs to provide the expected number of days required for customization required in terms of Man Days of Team Leader.
7. "TM" - Team Member - For all the requirements where the vendor provides a score of "0", "1" or "2", the vendor also needs to provide the expected number of days required for customization required in terms of Man Days of Team Member.

8. "VC" - Vendor Comments - The vendor is free to provide any Comments he wishes. The vendor is advised to furnish all additional information that will assist OICL in getting a better understanding of the proposed solution.

Notes:

- I. The vendor is expected to include the customisation effort required to provide the above functionality in the price quoted, therefore the cost should include all the requirements where the score provided is '0', '1' or '2'.
- II. For all the requirements where the vendor provides a score of '0', '1' or '2' the actual effort required to provide the said requirement must be provided in man days (Team leader and Team Member).
- III. In case the vendor fails to provide a "Vendor Score" against any of the line items / requirements the response would be considered as incomplete and may be rejected.
- IV. The vendor is expected to provide the response by filling up the columns "Vendor Score" and "Vendor Comments" only. The vendor is advised not to make any changes to any information on the RFP documents for example insert a row or delete a row or modify any other information like change OICL ratings, change the functionality required, etc. In case the vendor modifies any information in the RFP the response may be rejected.
- V. Every requirement where OICL has provided a "OICL Rating" needs to be treated as an individual requirement and should not be clubbed with any other requirement and the vendor needs to provide a "Vendor Score" for that individual requirement, in case the vendor clubs the requirements the response would be treated as incorrect and may be rejected. For Example:

Sr. No.	Particulars	RC	VS	TM	TL	Vendor Comments
1.2.1	Loss Event Reference ID					
1.2.1.1	Event ID	2	1	6	30	We are in the processes of customizing the software for providing this requirement
1.2.1.2	Bank ID	2	4	0	0	When 1.2.1.1 is provided this requirement would be made available
1.2.1.3	Branch ID	2	4	0	0	When 1.2.1.1 is provided this requirement would be made available
1.2.1.4	Region ID	2	4	0	0	When 1.2.1.1 is provided this requirement would be made available
1.2.1.5	Zone ID	2	4	0	0	When 1.2.1.1 is provided this requirement would be made available
1.2.1.6	Year and Quarter of reporting loss	2	4	0	0	When 1.2.1.1 is provided this requirement would be made available

In case the vendor provides the above response it would be treated as incorrect and would be rejected.

In case of the above example the correct response is given below:

Sr. No.	Particulars	RC	VS	TM	TL	Vendor Comments
1.2.1	Loss Event Reference ID					
1.2.1.1	Event ID	2	1	1	5	We are in the processes of customizing the software for providing this requirement
1.2.1.2	Bank ID	2	1	1	5	We are in the processes of customizing the software for providing this requirement
1.2.1.3	Branch ID	2	1	1	5	We are in the processes of customizing the software for providing this requirement
1.2.1.4	Region ID	2	1	1	5	We are in the processes of customizing the software for providing this requirement
1.2.1.5	Zone ID	2	1	1	5	We are in the processes of customizing the software for providing this requirement
1.2.1.6	Year and Quarter of reporting loss	2	1	1	5	We are in the processes of customizing the software for providing this requirement

VI. Some Other Examples of Incorrect Responses:

Sr. No.	Particulars	RC	VS	TM	TL	Vendor Comments
1.2	Loss Event Reference ID		4	0	0	
1.2.1	Event ID	2				
1.2.2	Branch ID	2				
1.2.3	Region ID	2				

The above response is incorrect; the correct response for the same is given below:

Sr. No.	Particulars	RC	VS	TM	TL	Vendor Comments
1.2	Loss Event Reference ID					
1.2.1	Event ID	2	3	0	0	
1.2.2	Branch ID	2	3	0	0	
1.2.3	Region ID	2	3	0	0	

10.1.2 Functional Specifications

S.N.	Requirement	Requirement Classification	VS	TM	TL	Vendor Comments
1	Document capture					
1.1	System should be able to capture following contents					
1.1.1	Paper documents	2				
1.1.2	Photos	2				
1.1.3	Email	2				
1.1.4	Fax	2				
1.1.5	Documents in electronic soft form (pdf, txt, xls, doc, ppt, picture files, TIFF, JPEG, GIF, even Zip Files)	2				
1.1.6	System generated documents	2				
1.2	Ability to share documents scanned across several offices / departments.	2				
1.3	Ability to check the quality of the scanned image and make corrections/adjustments to improve the quality of the scanned image..	2				
1.4	The ECM shall support temporarily storing the scanned images locally before uploading to the central server.	2				
1.5	Ability to support quick scanning and indexing of bulk documents. Scanning through browser plug-in.	2				
1.6	Ability to support automatic cropping / masking of whole/any part of the document. This ability should be user defined and also document wise.	1				
1.7	It should be possible to scan and upload documents including pictures and images. Such document may be uploaded directly from third party premises over the web or from the office.	2				
1.8	Ability to support Web based scanning	1				
1.9	Document Types					
1.9.1	It should be possible to set up and track both mandatory and non-mandatory documents.	2				
1.9.2	Document types need to be pre-defined as a product / line of business / transaction type / workflow	2				

S.N.	Requirement	Requirement Classification	VS	TM	TL	Vendor Comments
1.9.3	Document types need to be tagged into categories like "Mandatory / Optional", "Original / Copy / Authorized copy", etc.	2				
1.9.4	Categorization of scanned images as different documents like application form, Supporting documents, Field report etc with scope for rectification at a later stage	2				
1.9.5	ability to capture system generated documents like Policy Schedule, Claim settlement letter, endorsement letter etc.	2				
1.10	Facility to scan multiple pages into batches (files) and addition/deletion of pages within each batches at a later stage	2				
1.11	Ability to assign document types (as application form / age proof / residence proof etc)	2				
1.12	System should support scanning of the document in Black and White/Colour as per user requirement	2				
1.13	Ability to support standard Image Operations such as deskew, despeckle, rotate, invert, zoom-in/ zoom-out, zoom percentage etc without any impact on the readability of the document	2				
1.14	Ability to handle variety of paper sizes	2				
1.15	Ability to support multiple scan stations	2				
1.16.	Ability to support any scanner available in the market.	2				
1.17	The capture product must be able to support both centralized and distributed capture environments	2				
1.18	The Capture product should support Browser based (Web)scanning and indexing capabilities from Remote locations	2				
1.19	The Capture product should also be supported on thick client	2				
1.20	The capture product must internally provide image clean-up filters (deskew, noise reduction, de-speckling, noise removal, de-skewing, half tone removal, border removal, cropping, barcode recognition, smoothing, erosion and dilation of imagesetc.). No separate Hardware or third party software should be required for above mentioned features	2				
1.21	Automatic quality assurance module must be available within the product like deskew, noise removal, orientation so that the image can be flagged if it fail the configured threshold for manual attention. This should be configurable.	2				

S.N.	Requirement	Requirement Classification	VS	TM	TL	Vendor Comments
1.22	Intelligent Document Classification - The system should support classification of documents not only on basis of barcode, or anchors but also pattern recognition and Intelligent Document Recognition	2				
1.23	Automatic segregation of batch of dockets based on Barcode, Blank page, Fixed page and auto Form recognition	2				
2	Data entry					
2.1	Ability to Manual/Automatic Indexing using Barcode, MICR, CSV data from other applications	2				
3	Conversion					
3.1	Ability to transform electronic word processor or spreadsheet documents into a permanent raster (picture) image format for storage within an imaging system.	2				
3.2	Ability to generate a complete text file, while retaining the visual formatting and layout of the original file. This text file can then be used for full-text indexing of the document to assist with later retrieval.	2				
4	Indexing Documents					
4.1	The system should allow for documents to be catalogued based on predefined document types, e.g. document type can be drivers license, proposal forms etc. The system should facilitate linking of a catalogued document to multiple contacts, products, transactions – e.g. drivers license should be attachable to a policy as well as any claims which may be lodged.	2				
4.2	The Captured product should support Indexing at multiple levels – Batch Level Indexing, Folder Level Indexing, Document Level Indexing, Page Level Indexing.	2				
4.3	Ability to support automated creation of document database indexes (e.g. through bar coding, etc.).	1				
4.4	Ability to allow users to customize database and indexing parameters (e.g. users can create index fields based on customer name, customer number.	2				
4.5	Ability to allow documents to be moved from one folder to another and re-indexed without re-scanning	2				
4.6	Ability to provide for index processing to be performed while other stations are actively searching, viewing, scanning and editing.	2				
4.7	Ability to provide facility to set particular fields as mandatory or unique.	2				

S.N.	Requirement	Requirement Classification	VS	TM	TL	Vendor Comments
4.8	Ability to support Automatic full text indexing for Text search	2				
4.9	Ability to provide for multiple indexes for different types of documents.	2				
4.10	Ability to provide for user-defined indexes for easy search and retrieval of files and folders.	2				
4.11	Ability to provide for filing and Indexing of documents for quick retrieval	2				
4.12	Ability to provide facility to add keywords with documents to act as quick reference for the documents	2				
4.13	Ability to support at least the following 3 primary ways to organize documents in an imaging system					
4.13.1	Index Fields	2				
4.13.2	Full – text Indexing	2				
4.13.3	Folder / File Structure	2				
5	Document viewing					
5.1	Ability to tag scanned documents with transaction	2				
5.2	Ability to tag same document to multiple transactions	2				
5.3	The system should facilitate the removal of links from certain documents and re-assign to other contacts, products, transactions.	2				
5.4	Ability to support Applet free for viewing Image documents	1				
5.5	Ability to support for viewing documents in native application	2				
5.6	Ability to provide facility of putting text, graphic and image annotations with features like highlighting, marking text, underlining, image stamps etc on document pages	2				
5.7	Ability to support automatic stamping of annotations with user name, date and time of putting annotations. The system shall store annotations as separate file and at no time, the original image shall be changed. The system shall provide facility of taking print outs with or without annotations	2				
5.8	Ability to provide for securing annotations for selective users/selective types of documents like all loan papers scrutinized by inspectors.	2				
5.9	Ability to facilitate zoom-in/zoom-out, zoom percentage and Zoom lens to zoom in on a part of image and other image operations like Invert, rotate etc.	2				
5.10	Ability to support all standard Image operations such as deskew, despeckle, rotate, invert, brightness.	2				

S.N.	Requirement	Requirement Classification	VS	TM	TL	Vendor Comments
5.11	Ability to support taking print outs with or without annotations	2				
5.12	Linking of Documents for cross-referencing related documents	2				
5.13	Facility to share documents/images from ECM to the OICL website and vice versa	2				
5.14	In-built viewer to support viewing of PDF/A and other electronic files and also support Annotations & content search on PDF/A and other electronic files	2				
5.15	Viewer should have capability for digitally sign the document.					
6	Search and Retrieval					
6.1	Ability to support searching of text documents based on user-input character strings, keywords, etc.	2				
6.2	Ability to support search queries using Boolean operators (e.g. AND, OR and NOT, wildcard) and fuzzy text search.	2				
6.3	System must provide a graphical and non-proprietary development environment for creation of adapters to information sources	2				
6.4	Ability to provide for save and publish common searches for quick access	1				
6.5	Ability to provide for quick search within a saved search	1				
6.6	Ability to provide for use a saved search as a template for similar searches	1				
6.7	Search Criteria should be configurable through a GUI	2				
6.8	The system shall support facility to export results in excel or any other format	2				
6.9	Ability to find any document within the system based on parameter a user knows about the document:	2				
6.9.1	Browsing through folders	2				
6.9.2	Conducting index field searches.	2				
6.9.3	Search basis a word or phrase the document contains	2				
6.9.4	Full text search to find the relevant file.	2				
6.9.5	Wildcard search	1				
6.9.6	Boolean Operator	2				
6.9.7	Proximity search	1				
6.9.8	Lines of context	1				
6.9.9	Indexed key words	2				

S.N.	Requirement	Requirement Classification	VS	TM	TL	Vendor Comments
6.9.10	User definable template fields	2				
6.9.11	Combination of the above	1				
6.10	Ability to highlight searched words/ text	1				
6.11	Federated search into other sources of information such as static and dynamic web sites, RDBMSs, email repositories and content repositories, including the proposed content management system, from a single search blank	1				
6.12	System must provide the ability to search bi-lingual content sources	2				
6.13	System shall provide the ability to perform federated queries without duplicating source indexes	2				
6.14	System must support industry standard search operators	2				
7	Documents handling					
7.1	Ability to provide for					
7.1.1	Web-based interface utilizing web 2.0 or latest technology	2				
7.1.2	Drag and drop interface for move, copy, and delete	2				
7.1.3	Standard file hierarchy structure of folders and sub-folders (analogous with Windows) to allow users and groups of users to manage and organize their documents. State any limitations to the number of folder, subfolder levels.	2				
7.1.4	Drag and drop multiple documents	2				
7.1.5	Context menus to provide quick access to common actions	1				
7.1.6	Single document upload (optimized for larger files)	2				
7.1.7	Web-based multi-file upload	1				
7.1.8	Multiple file download	1				
7.1.9	Detailed document id card showing all Relevant information	1				
7.1.10	Associated content (parent, child, peer, forms, projects)	2				
7.1.11	Track paper documents	2				
7.1.12	Document export utility	2				
7.1.13	Unlimited custom fields (document meta-data)	1				
7.1.14	Custom field types (text, date, numeric, and drop down etc)	2				

S.N.	Requirement	Requirement Classification	VS	TM	TL	Vendor Comments
7.1.15	Record retention rules	2				
7.1.16	Role-based security with inheritance	2				
7.1.17	Detailed audit history	2				
7.1.18	Developer access to all document capabilities	2				
7.1.19	Send documents as links or attachments	2				
7.1.20	Email dynamic links to documents (latest rev returned)	1				
7.1.21	Email subscriptions to notify you of changes	1				
7.1.22	Document states: draft, pending approval, released	2				
7.1.23	Pre-defined workflow processes and ad-hoc routing	1				
7.1.24	Ability to modify document identifiers if needed	2				
7.1.25	Facilitate and track comment threads	2				
7.1.26	content reuse through management of links as points to a single document or object. Shall support linking between objects distributed geographically (i.e. in separate locations) and logically (i.e. separate repositories)	1				
7.2	When editing, the document must be checked-out from the repository (locked) preventing other users from making changes at the same time	2				
8	Version Management					
8.1	Version control for tracking document revisions	2				
8.2	Image and electronic document versions, version comments	2				
8.3	Check-In and Checkout support for collaborative working on documents	1				
8.4	Every document version must be able to have its own individual access control rights and metadata values that can be changed without affecting other versions of the same document	2				
8.5	Capability to version metadata associated with documents must also be provided	2				
8.6	System must provide capability to archive older versions of the documents	2				
9	Security					
9.1	The Document management system shall support definition of Users, Groups and Roles relation in the system	2				
9.2	The system shall support access permissions on Folders, documents and object level	2				

S.N.	Requirement	Requirement Classification	VS	TM	TL	Vendor Comments
9.3	The system shall support multiple levels of access rights (Delete/ Edit/ View/ Print/ Copy or Download)	2				
9.4	The system shall support system privileges like Create/Delete Users, Define indexes etc.	2				
9.5	The system shall support secure login id and passwords for each user and passwords shall be stored in encrypted format in database	2				
9.6	The system shall support extensive password validations like passwords must be of minimum 8 characters, shall be alphanumeric, locking of user-id after three un-successful attempts, password expiry, password history so that passwords are not same as previous passwords etc.	2				
9.7	The system shall provide LDAP support for integrating with directory services	2				
9.8	The system shall support Extensive Audit-trails at document, Folder and for highest levels for each action done by particular user with user name, date and time	2				
9.9	Ability of the system to allow the user (OICL) to define password policies for accessing the system. The minimum password policies to be defined are:	2				
9.9.1	Minimum password length	2				
9.9.2	Maximum password length	2				
9.9.3	Alpha numeric combination of password	2				
9.9.4	Compulsory use of special characters	2				
9.9.5	Minimum password age	2				
9.9.6	Password expiry period	2				
9.9.7	Repeat passwords etc.	2				
9.10	Users management (on Server for centralized application) should be available to Administrator(s).	2				
9.11	There should be comprehensive User management system. OICL should be able to create different levels of users with different powers. There should be templates for a group of users such as Administrators, Branch managers, Regional managers and Head Office. System should facilitate the creation of different levels of users and assigning different levels rights. There should be provision for disabling a user temporarily or on permanent basis.	2				
9.12	Encryption	2				

S.N.	Requirement	Requirement Classification	VS	TM	TL	Vendor Comments
	<ul style="list-style-type: none"> • Encryption of the repository: support encryption of content stored on the file system • Selective encryption for each file store. Combination of encrypted and unencrypted file stores must be supported • Encryption – Key length must be at least 192 bits. Please state algorithm used. • ECM system should provide plug-in for advanced authentication such as tokens, x.509 certificates. • Content should be transmitted securely between client and server to prevent eves dropping security breaches. • ECM platform should control and protect document even after they are retrieved from repository and shared. It should Rights Management systems to maintain complete control over access privileges. • Mandatory access control – system should be able to enforce security and individual access control provisions such as “need to know” or “top secret”, combining individual access clearance with project-specific security measure. • System should support digital shredding to ensure that data cannot be retrieved even by applying forensic methods that analyze residual mechanism on storage media 					
9.13	System must be capable to capture and securely store electronic signatures associate with any content or process step	2				
9.14	ECM platform should control and protect document even after they are retrieved from repository and shared. It should provide some form of Rights Management systems to maintain complete control over access privileges.	2				
9.15	System should have ability to dynamically control and manage information security by allowing content owners to decide who gets to view, edit, print or forward emails and documents and who does not.	2				
9.16	ECM system should prevent documents being forwarded to unauthorized persons	2				
9.17	ECM system should provide security to prohibit printing of entire document or selected portion	2				
9.18	System should be able to disable the copy/paste and screen capture capabilities	2				
9.19	System should water mark pages if printing privileges are granted	2				
9.20.	System should expire or revoke document access at any time	2				

S.N.	Requirement	Requirement Classification	VS	TM	TL	Vendor Comments
9.21	Confirm that the content was delivered and viewed as a proof of compliance with security policies	2				
9.22	Grant access to documents offline for a specified period of time while maintaining audit capabilities.	2				
10	Workflow					
10.1	Workflow for routing and tracking of documents, messages and Forms	1				
10.2	Create Ad-hoc or predefined routes for automatic document routing on sequential / parallel routes. This must be offered as a base and standard product	1				
10.3	Facility of associating a note-sheet with the file enabling users to comment and review.	1				
10.4	Facility of attaching documents and folders in work items	1				
10.5	Facility to act upon, forward, return or complete Work-items	1				
10.6	Support for referring Work-items to other users outside the pre-defined route	1				
10.7	Time –based/ Event -based reminders	1				
10.8	Provision of putting shared and secured notes for collaborative working on Work items	1				
11	Other Features					
11.1	Ability to support typical document imaging annotations which include:	2				
11.1.1	Highlighting images and text in various colours to emphasize words or sections	2				
11.1.2	Redacting (blacking-out or whiting-out) images and text to preserve confidentiality	2				
11.1.3	Stamping images with words such as FAXED or CONFIDENTIAL, or with signatures denoting approval or denial	2				
11.1.4	Attaching sticky notes that contain additional comments	2				
11.2	An imaging system 's security should control who can view	2				
11.3	Annotations such as highlighting, stamps or sticky notes, and who can see through redaction. All annotations should be overlaid and not change the actual image.	2				
11.4	Ability to support Printing, faxing and e-mailing documents	2				
11.5	System must provide web-based administration tool and provide a single point of access for managing and administering all repositories, servers, users and groups regardless of their location across the enterprise	2				
12	Document Delivery and Distribution					

S.N.	Requirement	Requirement Classification	VS	TM	TL	Vendor Comments
12.1	The Document management system shall support multiple document delivery methodologies i.e.:	2				
12.1.1	The system shall allow users to download documents through HTTP depending upon the access rights	2				
12.1.2	The system shall support for Print/Mail/Fax of documents	2				
12.1.3	Easy to print by page or by document object.	2				
12.1.4	Supports remote print/fax services	2				
12.1.5	Supports common SMTP-based mail systems.	2				
13	Reports and Audit Trails Features					
13.1	The Document management system shall support extensive Reports and audit trails	2				
13.2	The system shall support Extensive Audit-trails at user, Folder and Cabinet levels	2				
13.3	The system shall provide facility to generate Audit trails on separate actions, and between specific date/times	2				
15	Scalability and Multi-site Deployments					
	Ability to accommodate huge volumes of documents scanned (more than 50 crs pages in a year)	2				
	Ability to have multi-site deployment for more than 1500 offices in phased manner	2				
16	General					
16.1	Centralized server with single Data Base.	1				
16.2	Version Control and management – The proposed Document Management Systems shall have versioning features to track and document revisions made.	2				
16.3	Maker-Checker Functionality for user creation, Document Upload, document verification, work flow etc.	2				
16.4	The proposed Document Management and Bulk Scanning solution should have capability to integrate with OICL systems - INLIAS, and Portal. It must also integrated with other systems of support functions if required by OICL.	2				
16.5	User access controls to be defined in the system which could be read access, copy and save access, print access etc.	2				
17	Architecture Considerations					

S.N.	Requirement	Requirement Classification	VS	TM	TL	Vendor Comments
17.1	The Document management system shall adopt a browser-based approach so that the solution has the ability to be portable to other platforms.	2				
17.2	The system shall support Multi-tier architecture with each tier fully independent	2				
17.3	The system shall support Scalable architecture to support clustering at each layer i.e. Web server, Application server and Database for Fault Tolerance, High Availability and Load Balancing.	2				
17.4	The system shall support separate Document server for better management of documents	1				
17.5	The application should be able to support online processing of documents	1				
17.6	Support for Web Desktop for Browser based access on Linux/Windows clients	2				
17.7	Support for replicating images at remote sites for faster retrieval	1				
17.8	The system shall provide Image processing libraries that support image enhancements, and other imaging features like compression and extraction etc.	2				
17.9	The system shall support unlimited storage capacity by automatic / manual creation of Volume disks of predefined sizes and disk labelling.	2				
17.10	The system shall be Unicode compliant for supporting different languages and shall also provide localization kits for localizing the User Interface in particular language. Hindi and English support is essential.	2				
17.11	Should be based on open standards and have API support for data import and export	2				
17.12	Ability to Support ODMA or WebDAV for integration with desktop applications	1				
17.13	Supports Image Enable framework for image-enabling business applications.	2				
17.14	Proposed ECM should support Document Repository Encryption	2				
17.15	Distributed architecture for regional image storage	2				
17.16	Image movement on the network should be secured	2				
17.17	Content view should have minimum footprint	1				
17.18	File formats, databases and equipment requirements should be non-proprietary	2				
17.19	Must provide a common integrated repository to handle all types of enterprise content management, including documents, web content, digital assets, collaborative content, document images, records etc.	2				
17.20	Documents related and relevant to business transaction post ECM go-live will be considered for storage in electronic form.	2				

S.N.	Requirement	Requirement Classification	VS	TM	TL	Vendor Comments
17.21	Split Screen facility should be available to view and/or edit the data entered against the scanned copy of the document	1				
17.22	The application should be able to support Hindi and English. Support in other Indian languages will be preferred.	2				

10.2 Annexure 2: Technical Compliance for ECM

10.2.1 Instructions of Filling up of Annexure 2

1. "Sr. No." - Serial Number of the Requirement Provided by OICL. The vendor must not change any information in this column.
2. "Particulars" - The detailed Requirement. The vendor must not change any information in this column.
3. Requirement Classification – OICL has classified each of the requirements as follows:

Ratings	RC	Description
1	Desired	The requirement is necessary for efficient functioning
2	Mandatory	The requirement must be satisfied in its entirety

The vendor should not change any information in this column.

4. "VS" - Vendor Scores – The vendor would be required to provide an appropriate score to each requirement requested for as per the following Table:

VS	Description
0	Not Available
3	Available as out of the box
2	Customizable before commencement of UAT
1	Available by third party integration

5. "VC" - Vendor Comments - The vendor is free to provide any Comments he wishes.
The vendor is advised to furnish all additional information that will assist OICL in getting a better understanding of the proposed solution
6. "TL" - Team Leader - For all the requirements where the vendor provides a score of "0", "1" or "2", the vendor also needs to provide the expected number of days required for customization required in terms of Man Days of Team Leader.
7. "TM" - Team Member - For all the requirements where the vendor provides a score of "0", "1" or "2", the vendor also needs to provide the expected number of days required for customization required in terms of Man Days of Team Member.
8. "VC" - Vendor Comments - The vendor is free to provide any Comments he wishes.

The vendor is advised to furnish all additional information that will assist OICL in getting a better understanding of the proposed solution.

Notes:

- I. The vendor is expected to include the customisation effort required to provide the above functionality in the price quoted, therefore the cost should include all the requirements where the score provided is '0', '1' or '2'.
- II. For all the requirements where the vendor provides a score of '0' , '1' or '2' the actual effort required to provide the said requirement must be provided in man days (Team leader and Team Member)
- III. In case the vendor fails to provide a "Vendor Score" against any of the line items / requirements the response would be considered as incomplete and may be rejected.
- IV. The vendor is expected to provide the response by filling up the columns "Vendor Score" and "Vendor" Comments" only. The vendor is advised not to make any changes to any information on the RFP documents for example insert a row or delete a row or modify any other information like change OICL ratings, change the functionality required, etc. In case the vendor modifies any information in the RFP the response may be rejected.
- V. Every requirement where OICL has provided a "Requirement Classification (RC)" needs to be treated as an individual requirement and should not be clubbed with any other requirement and the vendor needs to provide a "Vendor Score" for that individual requirement, in case the vendor clubs the requirements the response would be treated as incorrect and may be rejected.

Sr. No.	Particulars	RC	VS	TM	TL	Vendor Comments
1.2.1	Loss Event Reference ID					
1.2.1.1	Event ID	2	1	6	30	We are in the processes of customizing the software for providing this requirement
1.2.1.2	Bank ID	2	4	0	0	When 1.2.1.1 is provided this requirement would be made available
1.2.1.3	Branch ID	2	4	0	0	When 1.2.1.1 is provided this requirement would be made available
1.2.1.4	Region ID	2	4	0	0	When 1.2.1.1 is provided this requirement would be made available
1.2.1.5	Zone ID	2	4	0	0	When 1.2.1.1 is provided this requirement would be made available
1.2.1.6	Year and Quarter of reporting loss	2	4	0	0	When 1.2.1.1 is provided this requirement would be made available

In case the vendor provides the above response it would be treated as incorrect and would be rejected.

In case of the above example the correct response is given below:

Sr. No.	Particulars	RC	VS	TM	TL	Vendor Comments
1.2.1	Loss Event Reference ID					
1.2.1.1	Event ID	2	1	1	5	We are in the processes of customizing the software for providing this requirement
1.2.1.2	Bank ID	2	1	1	5	We are in the processes of customizing the software for providing this requirement
1.2.1.3	Branch ID	2	1	1	5	We are in the processes of customizing the software for providing this requirement
1.2.1.4	Region ID	2	1	1	5	We are in the processes of customizing the software for providing this requirement
1.2.1.5	Zone ID	2	1	1	5	We are in the processes of customizing the software for providing this requirement
1.2.1.6	Year and Quarter of reporting loss	2	1	1	5	We are in the processes of customizing the software for providing this requirement

VI. Some Other Examples of Incorrect Responses:

Sr. No.	Particulars	RC	VS	TM	TL	Vendor Comments
1.2	Loss Event Reference ID		4	0	0	
1.2.1	Event ID	2				
1.2.2	Branch ID	2				
1.2.3	Region ID	2				

The above response is incorrect; the correct response for the same is given below:

Sr. No.	Particulars	RC	VS	TM	TL	Vendor Comments
1.2	Loss Event Reference ID					
1.2.1	Event ID	2	3	0	0	
1.2.2	Branch ID	2	3	0	0	
1.2.3	Region ID	2	3	0	0	

10.2.2 Technical Specifications

S.N.	Requirement	Requirement Classification	VS	TM	TL	Vendor Comments
1	Solution Architecture					
1.1	The Enterprise Content Manager Solution should have the ability to apply consistent and reliable content metadata to all structured and unstructured content	2				
1.2	Metadata should address security, records management classification and common discovery	2				
	Database Server should be scalable	2				
1.3	Ability to scale without redesign					
	Multiple similar hardware and mix of multiple hardware in a horizontal setup.	2				
	Scalability for external components (External components should not restrict scalability) like number of interfaces required, number of applications integrated with ECM etc.	2				
1.4	Ability to scale without redesign					
	Addition of CPU, Memory, Hard disk capacity without causing downtime	2				
	Addition of capability during later phases as and when required	2				
1.5	Application should have a modular structure providing the flexibility to deploy selected modules-products-geography-process combination as per the client's convenience	2				
1.6	It should support the deployment of additional modules at a later point in time with minimal downtime and loss of productivity.	2				
1.7	The application support for following:					
	Classification of documents/ content	2				
	exception handling	2				
	logging,	2				
	Discovery and Sharing	2				
	Security (access control architecture),	2				
	Control	2				
	Metadata management	2				
	Storage	2				

S.N.	Requirement	Requirement Classification	VS	TM	TL	Vendor Comments
1.8	The solution architecture should be configured in an Active-Active cluster for Application and Database at the DC.	2				
1.9	Ability to use the application through the following:					
	Internet	2				
	Intranet	2				
	Direct access	2				
	Mobile devices (GPRS, SMS)	2				
	Thick/ thin client	1				
	<i>Application should be built on SOA based architecture. Below mentioned points are SOA related points and the vendor has to comply to the same.</i>					
1.1	Application layer should hide all business logic from the frontend or the interface (Presentation layer) using well defined interfaces	2				
1.11	Application layer should hide all data access logic from the business logic through well-defined interfaces	2				
1.12	Application should support integration of new services seamlessly into existing structure without significant changes or effort.	2				
1.13	Application should provide for remote procedure calls and web service calls through standard protocols.	2				
1.14	Ability of the system to maintain activity relationships and segregate them in the following buckets					
	Manual process	1				
	Interface	1				
	Upload	1				
1.15	The system should provide reusable process workflows	2				
1.16	The system should have a library of insurance industry specific workflows	1				
1.17	Does the system have tools to optimize the existing process specification	2				
1.18	Ability to assign roles, responsibilities, tasks, queues and priority of work.	2				
1.19	Compliance with standards such as:					
	XML	2				

S.N.	Requirement	Requirement Classification	VS	TM	TL	Vendor Comments
	XSL Transformations (XSLT)	2				
	BPEL (Business Process Execution Language) - Latest Version	2				
	BPMN (Business Process Modelling Notation)	2				
	W3C (World Wide Web Consortium)	2				
	HTML5, CSS3, JavaScript	2				
1.2	The product should have capability for debugging the following:					
	Process steps	2				
	Whole processes	2				
	Cross-process flows	2				
1.21	The product should support the following web services standards:					
	SOAP (Simple Object Access Protocol) - latest version	1				
	WSDL (Web Service Description Language) - latest version	1				
	UDDI (Universal Description, Discovery & Integration) - latest version	1				
	CMIS (Content Management Interoperability services)	2				
1.22	The solution should support web services standards such as WS* family, SAML, etc	2				
1.23	There should be configuration management tools (version control) available for the product. Please specify whether the tools are UI or program coded.	2				
1.24	Data Archival related requirements					
	software supports management of compatibility of archived data for any table alterations as part of new releases	2				
1.25	System should provide for tool tips at each field and also online Help at the field level	1				
1.26	System should support operations on a 24*7 basis	2				
1.27	All parameterization, configuration, creation of rules and reuse of rule in the product should be user interface driven	1				
2	Application Performance & Interoperability					
2.1	Ability of the application to run on the latest version of the operating platform:					
	Intel	2				
	UNIX	2				

S.N.	Requirement	Requirement Classification	VS	TM	TL	Vendor Comments
2.2	Ability of the application to run on atleast two of the following Databases:	2				
	Oracle (latest version)					
	MS SQL (latest version)					
	DB2					
	Others (Please state the DB Name)					
	Please state if your application does not run on any specific Database					
2.3	Ability of the application to run on Intel or UNIX Platform.	2				
2.4	Ability of the application to be browser independent. Should be compatible with the following browser. (Please specify the minimum version if the application does not support the previous versions of that browser)					
	Internet Explorer	2				
	Mozilla Firefox or any other	1				
3	Monitoring					
3.1	Ability to monitor the application for the following parameters for remote as well onsite locations:					
	Availability Monitoring	2				
	Error Monitoring	2				
	Performance Monitoring	2				
	Configuration Monitoring	2				
	Security Monitoring	1				
3.2	The system should be able to provide a report of all configuration changes					
	System parameters	2				
	Workflow business rules	1				
3.3	The system should be able to provide configurable error messages and monitor the occurrence of the same. The error messages should be categorizable as:					
	Errors	1				
	Alerts	1				
	Messages etc.	1				

S.N.	Requirement	Requirement Classification	VS	TM	TL	Vendor Comments
3.4	Monitoring Reports for various types of Error messages should be available	1				
4	Security					
4.1	Ability to support & implement session timeout (Internet & Intranet)	2				
4.2	Support SSL/ https between the web browser & web server front end. (Internet & Intranet)	2				
4.3	Should support atleast 128 bit encryption between web browser & web server front end (Internet & Intranet)	2				
4.4	Should be able to support & implement digital signatures	2				
4.5	Should support strong authentication technology (2 factor) (Internet & Intranet)	2				
4.6	Does the application support at least 3 of the following authentication schemes:	2				
	Passwords					
	Forms Based					
	Digital Certificates					
	Tokens (RSA SecurID, SafeWord, etc.)					
	RADIUS					
	Security Assertion Markup Language (SAML)					
	JDBC (Java Database Connectivity)					
	Does the product support web services standards namely WS* specifications from OASIS and W3C?					
4.7	Support LDAP based authentication	2				
4.8	Test data should be carefully selected from the existing live data and protected. The live data should be masked before porting to test bed.	1				
4.9	Seamlessly integrate with Security infrastructure components (Firewall, IPS, Anti-virus, etc.)	2				
4.10	Application should provide role based authorization which should be enforced through proper session management or privilege check for every action.	2				
	User Creation and Administration					
4.11	Ability to define access to specific menus by user groups	2				
4.12	Define User ID and Password policy guidelines:	2				
	* Minimum length of characters					

S.N.	Requirement	Requirement Classification	VS	TM	TL	Vendor Comments
	* Combination of alphabets (both cases), special characters and numerals					
	* Password expiry days					
	* Password expiry post 'n' failed logins (both cumulative and continuous)					
4.13	Allow customized ID-password policies to be implemented	2				
4.14	Provision for password expiry and management:	2				
	* The system should have a question / answer along with the password reset before activating the reset password					
	* The system should force change of password on first time login, first time login post reset					
4.15	Force new user to change password after first log in	2				
4.16	Provide easy access to define new user groups and create custom roles.	2				
4.17	Maintain administrative IDs for the purpose of system administration	2				
4.18	Ability of the application to integrate RBAC (Role Based Access Control) matrix as defined by OICL	2				
4.19	The application should lock the session after a specified number of authentication failures.	2				
4.20	Access restriction on the data based on the users hierarchy and the role (Product , Lines of business, Office etc)	2				
	Logging and Log monitoring					
4.21	The application should also have the capability to provide summary reports of the various events logs	2				
4.22	Application should provide periodic activity reports covering security event and application usage.	2				
5	Interfaces and uploads					
5.1	Definition of standard interfaces through which system will exchange information in a consistent manner e.g., interface to	2				
	Enterprise modules (HR, CRM)					
	Data Warehousing					
	Document Imaging					
	Portal (Internet/ Intranet)					

S.N.	Requirement	Requirement Classification	VS	TM	TL	Vendor Comments
	Mailing system					
5.2	Ability to define the rules and requirements for data validation and checks of file before upload	2				
5.3	Application should perform a virus check on all the uploaded files before uploading the files onto the server	2				
5.4	Integrate with image storage software & document management	2				
5.5	Should have the capability to integrate with other collaboration tools (e.g. Microsoft Outlook)	2				
5.6	Ability to define file formats (for upload, download, online, comma separator, contrl totals, etc.)	2				
5.7	Provide support to standard API, ISO 8583, XML, WAP, SMS, HTML5, CSS3 etc. standard messaging protocols for interfacing.	2				
5.8	Ability to interface with mail messaging solution	2				
5.9	Provide file/information download facility for customers based on rules	1				
5.1	Upload facility for various functions should be configurable	1				
6	Batches and transactions					
6.1	Should support online real time & batch operations	2				
6.2	Generate error log for each batch containing the records which failed to be processed in the batch report and the reason for failure	2				
6.3	Trigger a audit trail / report to concerned user if a part of a scheduled set of activities (say certain programs/ activities) did not run on schedule	2				
6.4	The system should allow for certain portion of any process to be run as a batch and hence configure the workflow accordingly to allow all mandatorily real time activities to carry on and batch activity triggers stored in a queue for EOD batch	1				

10.3 Annexure 3: Technical Compliance for Scanners

10.3.1 Flat-bed Scanner

S.N.	Item	Required Minimum Specifications	Compliance (Yes / No)
1	Make	Must be specified	
2	Model	Must be specified	
3	Scan resolution	1200 dpi (with option of lower resolution scanning to be enabled through software)	
4	Color	48 bit Color	
5	Interface	USB	
6	Document Size	Standard A4 size	
7	File Format Supported	BMP, TIFF, JPEG,PDF, PDF Searchable	
8	Compatibility	MS Windows 10,Windows 8 Professional, Windows 7 professional, Windows XP	
9	Environmental Compliance	RoHS and Energy Star	

10.3.2 ADF Scanner

S.N.	Item	Required Minimum Specifications	Compliance (Yes / No)
1	Make	Must be specified	
2	Model	Must be specified	
3	Optical scanning resolution	Min. 600 dpi (with option of lower resolution scanning)	
4	Bit depth	24-bit	
5	Scan speed	Min. 20 ppm; duplex mode, black and white, 200 dpi, 1-bit	
6	Auto document feeder capacity	Min. 50 sheets	
7	Scan file format	BMP, TIFF, JPEG,PDF, PDF Searchable	
8	Scanner Driver	MS Windows 10,Windows 8 Professional, Windows 7 professional, Windows XP	
9	Standard connectivity	Hi-Speed USB - compatible with USB 2.0 specifications	
10	Environmental Compliance	RoHS and Energy Star	

10.4 Annexure 4: Hardware Sizing

Part A: Storage Sizing:

Kindly Refer Appendix 4 Business volumes for details

Year	No of documents for Support Depts	No of documents for Underwriting	No of documents for Claims	Total No of Documents	Avg storage required/ doc (in Kb)	Total Max storage required (in Kb)	Storage required in TB	No of photos for claims	incremental storage required/ photo (in KB)	Total incremental storage required (in KB)	Incremental Storage required in TB	Total Storage required in TB (max)

10.5 Annexure 5: Personnel Deployment

1. The Bidder should submit organisational structures proposed for these projects along with plan for retainer-ship.
2. People deployment between Vendor and application vendor during the Implementation Phase:

S. N.	Project Phase	Minimum Personnel to be provided by Vendor	Minimum Personnel to be provided by Application Vendor
1	Business Requirement Definition		
2	Implementation & Customization		
3	Trainings		
4	UAT / Pilot Launch		
5	Support during implementation Period		

Note:

The Vendor would be required to provide a team of business analysts / experts to the OICL. The Vendors' analyst team should comprise of personnel with experience in the areas of General Insurance, Enterprise Content Management. **The team should necessarily consist of personnel from the application Vendor with knowledge of ECM across General Insurance.**(Bidder is required to submit the confirmation from OEM in their letter head along with technical bid.) The activities that this team would be required to carry out would include –Gap analysis, Customisation, parameterisation, testing and onsite support.

10.6 Annexure 6: Technical Bid – Cover Page

To

The Deputy General Manager
Information Technology Department,
The Oriental Insurance Company Limited,
2nd Floor, Head Office, “Oriental House”,
A-25/27, Asaf Ali Road,
New Delhi - 110 002

Dear Sir,

1. Having examined the Scope Documents including all Annexures and Appendices, the receipt of which is hereby duly acknowledged, we, the undersigned offer to supply and deliver all the items mentioned in the ‘Request for Proposal’ and the other schedules of requirements and services for your company in conformity with the said Scope Documents in accordance with the schedule of Prices indicated in the Price Bid and made part of this Scope.
2. If our Bid is accepted, we undertake to abide by all terms and conditions of this Scope and also to comply with the delivery schedule as mentioned in the Scope Document.
3. We agree to abide by this Scope Offer for 180 days after the last date of submission of commercial bid and our Offer shall remain binding on us and may be accepted by OICL any time before expiry of the offer.
4. This Bid, together with your written acceptance thereof and your notification of award, shall constitute a binding Contract between us.
5. We undertake that in competing for and if the award is made to us, in executing the subject Contract, we will strictly observe the laws against fraud and corruption in force in India namely “Prevention of Corruption Act 1988”.
6. We certify that we have provided all the information requested by OICL in the format requested for. We also understand that OICL has the exclusive right to reject this offer in case OICL is of the opinion that the required information is not provided or is provided in a different format.
